**66,000 IN CUT
+ POWER TO 1.4 HP**

- Faster cycles on any CNC or robot.
- Light hand tools with the lowest vibration.
- Optimized tool performance.
- Reliable, low maintenance.

bend-tech.com
DRAGON A250

- This ultimate cage and chassis machine is an automated CNC tube and pipe plasma cutter.
- Material capacity: round material only, 0.75"-4" outside diameter, full-length (21') tubing, and 260 lbs. capacity.
- Comes standard with Bend-Tech Dragon Software for original CAD designing and CAD design import ability.
