MAGAZINE

## Engine Components ..... 8

Powerplant upgrades galore are featured in this section, including alternators, crankshafts, oil system components, radiators, valvetrain, and much more.

## Chassis, Driveline & Suspension ..... 60

Everything needed to build a race car, including brakes, driveline components, rod ends, shocks and springs, plus many others.

## Racing Components, Accessories & Services 90

From safety gear to oil, and trailers to sensors, this category is designed for the products and services to complete a race program.

## Machinery, Tools & Equipment ..... 120

Outfit the race shop, trailer, and pit area with the tools and equipment needed to work on engines, build race cars, and resolve those last-minute fixes to get the car back on the track quickly.

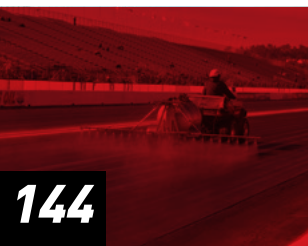

## Race Track Equipment ..... 144

Improve the racer and spectator experience with these upgraded products specifically for use at the race track.

## Sanctioning Bodies ..... 148

A comprehensive list of national and local sanctioning organizations that regulate and coordinate the various events and series that fall under their authority.

## Manufacturers' Representatives ..... 164

Look to these manufacturers' reps when seeking new product lines, searching for the latest news about racing trends, or desiring business advice from a proven industry veteran.

## Warehouse Distributors ..... 168

Suppliers can quickly connect to speed shops and engine builders through warehouse distributors, which offer plenty of storage space along with helpful customer service teams, online ordering, one-day shipping, and other useful services.

## Suppliers Index ..... 174

Reference and contact information for hundreds of leading product suppliers representing all forms of motorsports.

# Be last.

Being the last on the brakes isn't just a test of skill, it's also a test of how much confidence a driver has in their brakes.

With unique **Fade Resistant Technology™**, **Halo P1** has a far lower and far more stable level of compressibility over a wide temperature range than the competition—giving drivers the confidence that their brake fluid will perform as well on the last lap as the first.

**Formulated for the art of braking.**

# ARP (AUTOMOTIVE RACING PRODUCTS)

arp-bolts.com | 800-826-3045

## AUDI 2.5L TFSI INLINE 5 CUSTOM AGE 625+HEAD STUD KIT

- 12 - ARP Custom Age 625+ Head Studs
- Centerless ground for increased concentricity
- Heat-treated prior to thread rolling and machining for increased fatigue strength
- 12 - ARP 12-pt. Flange Nuts and 12 - ARP Cat's Paw Washers
- 8740 hardened chromoly steel
- Block side has textured pattern that helps prevent washer spin during tightening to specified torque
- 8740 chromoly rated at 190,000 psi rated at 260,000 psi minimum tensile strength ARP Kit # 404-4708

## RING COMPRESSOR 86.25 MM (ARP KIT #-901-8625)

- ARP's ring compressors are CNC machined from 6061-T6 billet tube material
- Feature a true radius for each different bore diameter
- Incorporates a wire O-ring relief
- Type 3 anodizing is used for long life, and the bore size is prominently engraved in 3/4" high numbers for easy identification
- Standard stocking sizes from 3.552 to 4.750 (SAE) and 75 mm to 95.5 mm (metric)
- True radius design is superior to conventional "tapered" devices

## GMC 6.6L DURAMAX L5P, CAP SCREW ROD BOLT KIT (ARP KIT # 230-6302)

- 16 - ARP2000 Rod Bolts
- Centerless ground for increased concentricity
- Heat-treated prior to thread rolling and machining for increased fatigue strength
- Rated at 220,000 psi minimum tensile strength

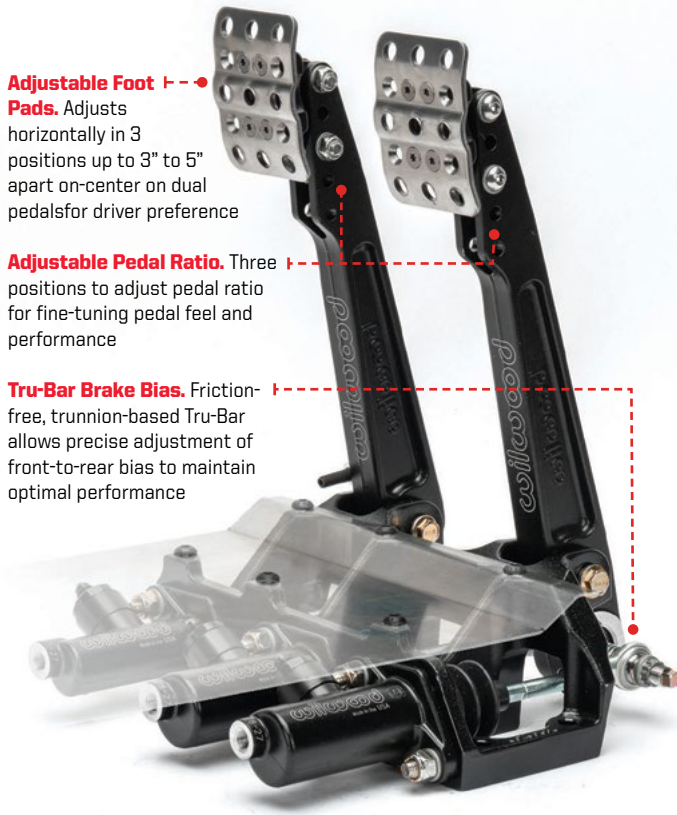

## ARP 135-7903 BIG BLOCK CHEVY OIL PUMP DRIVE FOR .400 RAISED CAMSHAFT

- Made from premium grade 8740 and heat-treated to 190,000 psi
- ARP uses a unique manufacturing process where the alignment sleeve is roll formed onto the shaft (not welded or pinned), enabling the sleeve to float, allowing for slight misalignment

# **ERACING** wilwood

## FEATURED PRODUCTS AT PRI 2024

**Adjustable Foot Pads.** Adjusts horizontally in 3 positions up to 3" to 5" apart on-center on dual pedals for driver preference

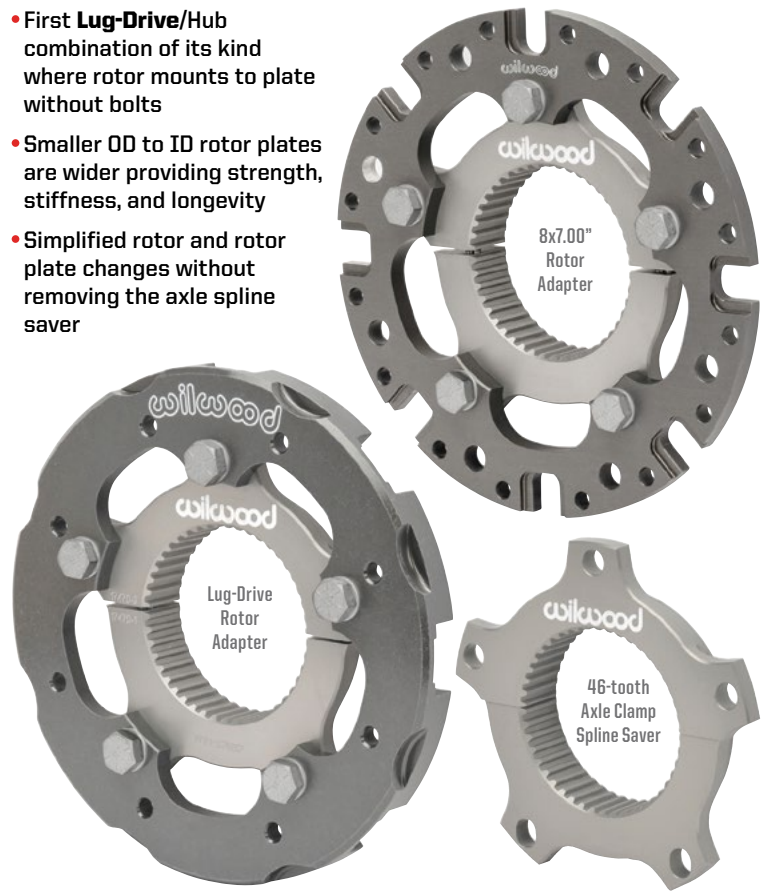

**Adjustable Pedal Ratio.** Three positions to adjust pedal ratio for fine-tuning pedal feel and performance

**Tru-Bar Brake Bias.** Friction-free, trunnion-based Tru-Bar allows precise adjustment of front-to-rear bias to maintain optimal performance

### REVERSE FLOOR MOUNT **TRIPLE MASTER CYLINDER TRU-BAR ADJUSTABLE RATIO** PEDALS

## **XRZ** SPLINED HUB KITS **ROTOR ADAPTER & SPLINE SAVER**

- First **Lug-Drive/Hub** combination of its kind where rotor mounts to plate without bolts
- Smaller OD to ID rotor plates are wider providing strength, stiffness, and longevity
- Simplified rotor and rotor plate changes without removing the axle spline saver

| BRAKE KITS | CALIPERS | ROTORS | MASTER CYLINDERS | PEDALS | PRESSURE VALVES | HATS | BRAKE FLUID |

## BR MOTORSPORTS/IGNITIONEERING

brpromag.com | 559-739-1515

**BR BLACK MAGIC PRO MAG 44**

- Most powerful magneto in company's lineup
- Proprietary rare earth magnets
- Hand-wound induction coil
- BR's Blue Print technology

**BR BLACK MAGIC PRO MAG 20**

- Same magneto as the Pro Mag 44 with the exception of the induction coil
- Allows the 20 AMP to be used with a MSD 8106 spark box instead of a separate control box and coil system

**BR BLACK MAGIC 12LT**

- Blue Printed, which means extensive CNC machining and hours of calibration and special proprietary wiring including an external ground loom with water-tight connector as well as assembly procedures using the company's all new billet zero tolerance set-up fixtures

**BR BLACK MAGIC LOW PRO 12LT**

- Will allow you to lower your air filter system down a full 2 inches
- Increased horsepower because you can get more air into your air filter and also run shorter stacks
- Proven winner
- Has all the same great features as all the other BR Black Magic magnetos

**ROBINS... A NEW TECHNOLOGY PREMIUM BRAND**

# BTR BRIAN TOOLEY RACING

briantooleracing.com | 888-959-8865

## BTR CAMSHAFTS

- Brian Tooley Racing grinds quality camshafts for many popular late model engines including LS, LT, Lvx (V6 LT), Gen 3 Hemi, Ford Godzilla and more
- Unique cam cores for superior heat-treatment, Landis grinders, REM micro-finishing, and test all the company's lobe designs on the dyno and the Spintron for peak performance

## BTR VALVE COVERS

- BTR valve covers for the LS engine are made in the USA. Castings are machined by BTR in Kentucky and are powder coated for a long, durable service life
- Covers feature great rocker clearance, internal baffling, and AN ports in all four corners. Couple with ICT P/N 551326 to fit LT engines
- Available in multiple colors, logo options, and with or without space saving coil mounts

## BTR VALVETRAIN COMPONENTS

- Valve springs are what launched BTR into business. BTR offers beehive, ovate, and dual spring options for many late model engines
- Offers superior valve springs, locks, in-house made steel and titanium retainers, shims, seals, trunnion upgrades, rocker arms, shaft mount kits, pushrods, US-made Delphi LS7 lifters, and more

## BTR INTAKE MANIFOLDS

- The BTR Equalizer intake for cathedral and square port LS was BTR's first intake featuring a space-saving underhung plenum, short runners for very high rpm or boosted setups, and a removable plenum lid for porting and direct port runner access
- The Trinity lineup for LS, LT, Godzilla, and Gen 3 Hemi platforms feature a three-piece design with interchangeable length and optional dual injector runners for tuning and upgrades

- Core Drilling
- Reaming
- Automatic Guide Honing  
With Cross Hatch Finish

# New Inventions New Technology

See us @ Booth No. 5755

## AUTOMATIC VALVE GUIDE HONING & MACHINING SYSTEM

# WORLD'S FIRST

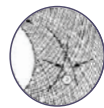

- Automatic Honing Cycle
- Automatic Ream & Hone cycle
- Automatic Cross Hatch & Plateau

**Automatic Guide Honing with cross hatch & plateau honing features:**

- To improve surface finish in guide bore.
- Less wear with reduced friction.
- Better Lubrication .
- Better sealing - more power for improved engine performance.
- Tighter clearance - near zero - concen.

## AUTOMATIC VALVE GUIDE MACHINING SYSTEM (For Engine Builders)

### Accurate to 0.0001" (0.002 mm) Automatically!

ROBINS... A NEW TECHNOLOGY PREMIUM BRAND

## CP-CARRILLO

cp-carrillo.com | 949-567-9000

### PISTON AND ROD KITS FOR TOYOTA G16E-GTS ENGINE

- Pistons and rods, now available for the highest factory output three-cylinder engine. Rated for 900 hp drag race, or 750 hp road/rally race. Available in standard and 4-mm long rod piston and rod combos
- This unique long rod combo offers 50 gram piston weight savings, improving overall reciprocating mass, and rod ratio. This in turn helps provide longer bearing life, reduced piston skirt wear by reducing side loads, and help the engine rev quicker to increase top end HP
- Piston #SC7475 Rod #SCR14809

### PISTONS AND RODS FOR MERCEDES V8 ENGINES

- Designed for M176, M177, and M178 engine codes
- Using CP-Carrillo's strong "T" forging process for enhanced durability
- Includes .200-inch wall pins and upgraded PVD rings for superior performance: Steel PVD 1.2-mm top ring, Ductile Napier 1.2-mm 2nd ring, and Gas Nitride Steel 2.0-mm oil ring standard 3.2677-inch bore and 10.5:1 compression ratio
- Piston #SC7710 Rod #SCR14954

### 4 CYL. HONDA K24 ALUMINUM RODS

- Redesigned and engineered for extreme-horsepower applications and crafted for those who demand the absolute best
- 5.974-inch center to center, 0.010-inch shorter than stock, 7/16-inch bolts, roller burnished pin bores, floating bolt washers, and can be matched up with SC80461 Heavy Duty 10.5:1 CP Pistons (1.100-inch boss span)
- Piston #SC80461 Rod #SCR14934

### GODZILLA FORD 7.3L V8 PISTONS

- Rated for 1,500 hp and available in two bore sizes: 4.225-inch +.005-inch and 4.250-inch +.030-inch; Piston #BBFR6550-005 Rod #CR14791
- Includes .043-inch, .043-inch, 3.0-mm heavy-duty steel ring pack to withstand the power and heat
- 10.5:1 compression ratio, 1.338-inch compression height, and .990-inch x .200-inch wall. Chromoly wrist pins are standard
- Lateral gas ported for improved ring seal under extreme conditions

**PlatoBore finish**

After years of research and trials, Robins proudly offers:

**New Revolutionary Concept In Cylinder Block Boring**

- After rough and fine boring cycles Rubi-Plato cycle produces Rvk, Rk, Rz Rpk, Ra parameters very close to finish honing cycle.
- Rubi-Plato boring eliminates any torn crystals/ metal tear & folded cast iron material left in bore cavities after finish boring cycle.
- Reduces final honing cycle time.
- Eliminates problems related to honing accuracies.
- Eliminates possible metal foldment caused by diamond honing process.
- After Plato boring, light honing followed by Cross-hatch and plateau cycle completes desired cylinder wall finish.
- Provides consistent Rvk , Rk and Rpk values.
  - Touch Button Automated
  - Simply float Spindle Head above "cylinder bore"
  - Press auto cycle & walk-away !

# DELTA PAG

deltapag.com | 212-203-2912

## BRUSHLESS FAN KITS

- More airflow—up to 4,100 CFM. Thinner—only 2.70 inches
- Soft-Start with variable speed for peak efficiency
- Unique designed small brushless motor packs a punch
- 12", 14", 16" and 18" sizes
- Digital controls and accessories included in the kit

## BRUSHLESS WATER PUMP

- 60 gallons per minute (227 liters per minute)
- Variable speed acts like a virtual thermostat, can remove mech. thermostat
- Brushless lasts over 50,000 hours
- Single 1.75" inlet and dual 1" outlets for max flow
- Will work with your ECU or Delta PAG's digital controller

## MONO-CORE ALUMINUM RADIATOR

- Newly designed aluminum cores use single extra-wide tubes vs. multiple smaller tubes
- Unique Mono-Core design increases air velocity effectively increasing heat dissipation
- The Mono-Core is also thinner than conventional radiators allowing for tight fit
- Mono-Core cools better than four row

## TRANS/ENGINE OIL COOLER

- Alloy Flat Tube w/Turbulators has high heat dissipation rate
- High flow rate with lowest pressure drop, supports high viscosity oils. Up to 250 PSI
- -10AN ORB inlet/outlet
- Two 1/8 NPT bungs for sensors or air bleeding
- Two different sizes to choose from: 165,000BTU/h or 240,000 BTU/h

# E3 IGNITION PRODUCTS

e3sparkplugs.com | 904-280-0339

## E3 RACE SPARK PLUGS

- Introducing E3 Spark Plugs' newest additions to its racing spark plug line
- Available in late 4th quarter 2024
- Cutback ground electrode built for high-compression applications
- Faster flame growth

## E3 RACE SPARK PLUGS

- Part Numbers:
- E3.90R-10, E3.90R-9, E3.90R-8
- E3.95R-8
- E3.96R-9
- E3.99R-8

## E3 SLEEVED RACE WIRE SETS

- E3.1503 E3 DiamondFIRE Sleeved Racing Spark Plug Wire Set for small block Chevy (SBC)-under headers
- E3.1505 E3 DiamondFIRE Sleeved Racing Spark Plug Wire Set for big block Chevy (BBC)-over valve covers
- E3.1507 E3 DiamondFIRE Sleeved Racing Spark Plug Wire Set for big block Chevy (BBC)-under headers
- E3.1509 E3 DiamondFIRE Sleeved Racing Spark Plug Wire Set for GM LSx

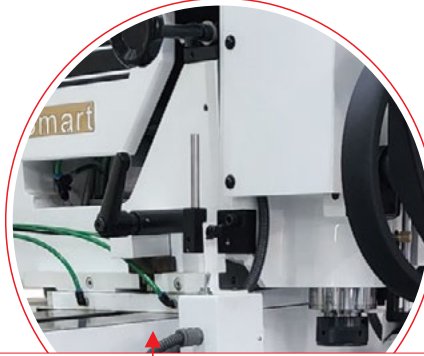

## E3 RACE/PERFORMANCE IGNITION COILS

- E3.602 Chevrolet-GM (2005-Current) Ultra-High Output LSx Ignition Coil
- E3.614 Chrysler (2006-Current) Ultra-High Output HEMI Ignition Coil
- E3.619 Ford (2011-Current) Ultra-High Output Coyote Ignition Coil
- E3.624 1997-2013 Two Valve Ford Ignition Coil

- CYLINDER BORING
- SURFACING
- SEAT & GUIDE
- GUIDE HONING
- VALVE REFACING

## SG12 Smart Series Seat & Guide

**HEAVY DUTY**  
Smart

**ROBINS** Dual Centering System

Smart series machines include additional centering / work head float system that precisely centers small diameter pilots in valve guides, ensuring near zero valve seat run-out.

## VR 10P Valve Refacing

**New Features**

- **Diamond & CBN Grinding wheels** offering Long Life & Less frequent wheel dressing.
- **Foot switch** added for hands-free chuck operation.
- **Large V-nest** for diesel valves.

\*Machines displayed may include optional accessories\*

Fuel Injection

## NEMESIS, UNIVERSAL 4500 4BBL THROTTLE BODY, TMAP OR MAP

- TMAP or MAP sensor options
- Dual IAC motors
- Primary shaft TPS

- Improved throttle response—flows 1820 CFM
- Ready to run throttle body
- Compatible with wide range of applications
- Threaded IAT port for boosted applications
- Dual high flow IAC passages for large displacement engine/high duration camshaft applications for smooth idle stability

## ULTIMATE LS DRIVE BY WIRE

- All-in-one package with ECU, harness, throttle body, and electronic pedal, expertly engineered for seamless integration
- Boosts performance, reliability, drivability, and acceleration over cable-driven systems

- Available in 102 mm
- Preset and configurable drive modes
- OEM quality
- Improved drivability with higher performance larger throttle body
- Hassle free install—no need for throttle cable or linkage

## CARBON FIBER LS MANIFOLD

- Lightweight carbon fiber low-profile design
- Longer runners for balanced torque and horsepower

- Lower sound resonance
- LS1 applications and more to come
- Billet throttle body for robust, leak-free sealing
- Fully loaded LS kits and other variations available
- Made of real carbon fiber (not an overlay)

## NITRO-PORT SERIES: LS1 CAST MANIFOLD

- -8 AN fuel rails using -8 Orb fittings for high-flow capability
- Nitrous/water injection bungs

- Low-profile design
- Modular runner design
- Accepts 92-mm, 102-mm, and drive-by-wire throttle bodies
- Straight throttle body mounting
- Short runner
- Rear-mounted threaded vacuum/pressure ports
- Rear-mounted MAP sensor mounting

# JMS PERFORMANCE

jmschip.com | 601-766-9424

## CD-1 SS RACE IGNITION KIT

- Plug and play—capacitive discharge racing ignition system CD1
- Approved racing ignition: Southern Super Series, CARS Super Late Model Tour, Spears Southwest Tour, American Canadian Tour, and all dirt late models
- PRI Show booth #2511

## TA2 RACE IGNITION

- Specifically designed for the Trans Am TA2 racing series
- A complete plug-and-play racing ignition system designed to be used on LS-based TA2 racing engines
- Fully encapsulated device preprogrammed with approved TA2 ignition timing advance tables

## FUEL MAX

- Fuel pump voltage booster featuring exclusive digital technology that provides up to an 85% increase in fuel
- Plug-and-play installation connects directly to your fuel pump driver module and activates via the pedal position sensor, minimizing install time
- User-adjustable voltage ramp-in/out rate allows elimination of fuel pressure spikes

## PEDAL MAX

- Designed for modern vehicles equipped with electronic throttle control systems
- Improved throttle response and acceleration, reduced lag in turbo applications, leading to more power and torque
- Easy to install inline between your vehicle's pedal position sensor and vehicle harness, utilizing OEM connectors with a control dial making performance adjustable on-the-fly

BOOTH 725

## LST™ (Low Stock Technology) Blower Cams

- ▣ Features Low Shock Technology (LST™) cam lobe profiles for increased horsepower and improved stability at higher RPM
- ▣ Spintron® and dyno tested to ensure maximum power, boost response and reliability
- ▣ Kits are available as well: Contain all components for a complete valve train upgrade in supercharged GM LS engines

Perfect choice for upgraded GM LS engines with larger displacement or larger blower applications that include more serious additional modifications for higher RPM and more power.

**CALL NICKELS TODAY FOR MORE INFO!**

## LSXHR 103mm Intake Manifold for LS3

The LSXHR, 103mm Intake Manifold for LS3 Rectangular Port Applications is the industry's first polymer tunnel ram-style intake manifold and is ideal for generating maximum power in boosted and naturally aspirated engines.

- ▣ Polymer construction is lightweight and high strength to eliminate power-robbing heat soak commonly found in aluminum intake manifolds
- ▣ Average 30 HP gain between 5,000 and 7,500 RPM over competitors
- ▣ Rated for up to 45psi of continuous pressure
- ▣ 103mm Throttle body opening can be ported to 105mm

ALSO AVAILABLE FOR LS1/LS6 & LS7 APPLICATIONS!

**KELFORD CAMS**   
POWER UNLEASHED

## DLC COATED CAM BUCKETS

- Choose Kelford Cams DLC Coated Cam Buckets for the Toyota, Nissan, Ford, Subaru, and more
- Reinforced skirt, larger internal fillet, and DLC coated follower surface results in decreased friction, improved torque, and lower oil temperatures
- Exceptional performance and reliability.

## BMW S58 CAMSHAFTS

- BMW S58 is the high performance version of the legendary B58 3.0L inline six, well known for delivering huge power gains with fairly basic modifications
- Kelford Cams produces premium camshafts for Stage 1, 2, and 3 S58 engine builds: Stage 1: 600–800 hp / Stage 2: 800–1400 hp / Stage 3: 1400+hp

## HONDA K SERIES CAMSHAFTS

- Kelford Cams produces five varieties of premium camshafts for the Honda K Series engine
- 179-A suits 2.0L builds for many applications. 179-B2 - K20a-24 for ultimate racing applications. 129-C suits professionally built, large displacement K series race engines. 179-T1 for 600–1000 hp, using 62–68-mm turbos. 179-T2 for 1400+hp engines using 75–86 turbos

## AUDI DAZA CAMSHAFTS

- One of Kelford Cams' latest releases. They produce three varieties of premium camshafts for the Audi DAZA engine
- 273-EZ drop-in cams, 400 hp–800 hp using high-flow turbos and turbos up to 64 mm in size. 273-A up to 1200 hp, for cars using 64-mm–72-mm turbos. 273-B 1400+ hp using 75-mm–83-mm turbos

## CYLINDER HEAD VALVE KITS FOR GM LS

- P/N MVK101; MVK102; MVK103; MVK104
- Installed load: 151 @ 1.800"
- Open load: 417 @ 1.150"

- Coil bind: 1.080"
- Intake head diameter: 2.020"
- Exhaust head diameter: 1.600"
- Kits include Viton valve-stem seals, valve locks, chromoly steel spring

## NEW VALVE SPRING PACK

- P/N 29555
- Relief pressure: 55 lbs.
- Use with 10294, 10295, 10296 oil pumps

## BILLET STEEL GEROTOR FOR FORD 5.0L COYOTE OIL PUMPS

- P/N 11396
- Made of chromoly steel
- Increased tensile strength and toughness
- Direct replacement for OEM powdered metal gerotor
- 2011–2023 Mustang, 2015–2017 Ford F150

## PERFORMANCE OIL PUMP FOR DODGE, CHRYSLER, JEEP 5.7L & 6.4L

- P/N 10452-BR
- Exclusive billet chromoly steel rotor set
- High pressure spring installed (+20 psi over

Hemi 5.7L, +10 psi over 6.4L)

- Features hard-coat anodized aluminum housing and phosphate coated cast iron cover for improved performance and durability
- Includes oil pump screen mounting O-ring and additional standard Hemi 6.4L pressure spring

# UNLOCK MAXIMUM POWER: CYLINDER HEADS

PRECISION-PORTED FOR ULTIMATE PERFORMANCE!

## 2001-2010 GM 6.6L DURAMAX CNC-PORTED CAST IRON CYLINDER HEADS-LB7/LLY/LBZ/LMM

50 States  
Emissions Legal  
E.O. D-701-38

Upgrade your Duramax with PPE's Ported Cast Iron Cylinder Heads. Unlike OEM aluminum heads that can cause blown head gaskets and warp under heat, PPE cast iron heads are engineered for durability and perfect thermal expansion with the cast-iron block. They offer elevated fatigue strength, and heat resistance, which prolongs the cylinder head lifespan significantly.

Made from high-strength alloyed gray iron, PPE heads resist cracking and heat fatigue. Our CNC porting process improves airflow for more horsepower, torque, and fuel efficiency, reducing engine stress and turbo lag. Whether you're replacing damaged heads or boosting performance, PPE's Cast Iron Cylinder Heads deliver lasting reliability and power.

**Applications:**

2001-2004 GM 6.6L Duramax  
- LB7

P/N: 110100111

# NEW PRODUCTS *by*

## BP BR X 18™ **NEW**

With the introduction of the NEW BP BR X 18™, BRODIX® has once again set the standard in the big block Chevy compatible market. Inspired by Pro Stock technology, the BP BR X 18 far outshines all others in its class. This head features a NEW 18° valve angle, designed to produce the maximum amount of torque and horsepower, in a conventional package. The intake port is raised .900 and amazingly flows over 535 cfm with a 2.500 valve! The exhaust port flows over 340 cfm through only a 1.830 valve! This head also has an extremely efficient 93 cc combustion chamber that is nitrous friendly. This head requires pistons, valve covers, shaft rockers, and an intake manifold specifically designed for the BP BR X 18. As always, these NEW heads come standard with all of the fine qualities that only BRODIX has to offer.

**+1300 HP**

- Most Powerful Conventional Head on the Market
- 18° Valve Angle
- 93 cc Combustion Chambers
- Intake Port Flows Over 535 cfm
- Exhaust Port Flows Over 340 cfm
- 2.500 / 1.830 Valve Sizes
- 100% CNC Ported
- Toughest Castings in the Business

## 8B 2000 C™

- .400 Raised Cam Location
- Available up to 10.700 Deck Height
- May Be Bored up to 4.600
- Reinforced Lifter Valley
- Available With Roller Cam Bearings

## PATRIOT SERIES FASTENERS

- Provides a performance upgrade over OEM torque-to-yield fasteners
- Available for popular domestic, import, and diesel stud and bolt applications for heads and mains, as well as exterior and accessory fasteners
- OptiTorque fasteners are manufactured in the USA from domestic materials

## H11 TOOL STEEL FASTENERS

- Providing solutions and strengths from 240 – 275 ksi
- Available for: custom fasteners, popular domestic, import, diesel, engine, and powertrain applications
- OptiTorque fasteners are manufactured in the USA from domestic materials

## TORQUEMASTER SERIES FASTENERS

- OptiTorque TorqueMaster is the go-to alloy for serious performance applications, offering the improved stretch area in its price class while increasing fatigue and clamping properties
- Available for popular domestic, import, and diesel stud and bolt applications for heads and mains
- Manufactured in the USA from domestic materials

## CUSTOM AGE FASTENERS

- OptiTorque Custom Age fasteners are for ultra-high-performance applications without compromise
- Features the company's proprietary processes and a corrosion-resistant tumbled finish
- Available for popular domestic, import, and diesel stud applications, including aftermarket blocks
- OptiTorque fasteners are manufactured in the USA from domestic materials

## R4 DRY SUMP OIL PUMP

- Lightweight design features aluminum rotors, shallow depth screw-in fittings, and profile
- Rear drive setup standard allows for direct mounting of all popular steering/fuel pumps
- Four-lobe rotor is patent pending, twisted design for superior vacuum
- Superior oil pressure at high oil temps
- Unique and versatile mounting system
- Customized for unique applications

## OIL TANKS

- Unique baffle system has been refined to provide the best deaeration performance
- Manufactured from spun aluminum and CNC-machined flanges and fitting for lightweight performance
- Custom configurations available

## REMOTE FILTER MOUNT W/ ENGINE OIL PRIMER

- 20 psi in as little as 10 seconds using a standard cordless drill
- Utilizes an R4 twisted-lobe rotor design for quick delivery
- AN port fittings and tube, firewall or tank mounting options available

## OIL & FUEL FILTERS

- Durable anodized billet body and end cap
- Wide variety of available accessory caps
- Pleated stainless steel or 10/20 micron filter elements
- Wide variety of available options for unique applications

### PROFORM RACE SERIES E85 CIRCLE TRACK CARBURETOR

- 650 CFM Race Series E85 carburetor circle track-specific design, hand-assembled in the USA
- Featuring aluminum fuel bowls with a reduced drop fuel ramp and wedge-shaped floats for superior fuel control
- High-flow main body with contoured Venturi, for improved airflow. Billet metering blocks with enhanced baffling reduce fuel slosh. Mechanical secondaries and billet throttle baseplate

### BRUSHLESS ULTRA-PERFORMANCE DUAL 12-INCH FAN KIT

- Higher CFMs in a thinner profile, perfect for 12-volt systems with no need for a controller
- Universal, lightweight, low-profile, and designed for easy installation, they prevent amp spikes with a soft start ramp-up and fit most cars and trucks
- Features a thin design, reinforced polypropylene blades, and includes a nylon tie mounting kit

### LIGHTNING-BOLT 100 AMP MINI-ALTERNATOR; 10SI MOUNT

- The Lightning-Bolt 100 AMP Mini-Alternator is 40% lighter than a 10SI, generating 80+ amps at idle and 100+ amps at top end
- Weighing just 7 lbs., it's perfect for both the drag strip and street, with a stylish aluminum housing
- Includes a one-wire hookup, V-belt pulley, and adapter for easy 10SI mount installation

### CHEVY SMALL BLOCK GEN I BLACK ELECTRIC WATER PUMP

- PROFORM's electric water pumps eliminate weight and impeller drag, pumping 35+ gallons per minute for maximum cooling at high rpm
- Made from durable, lightweight die-cast aluminum with a black powder-coated finish, perfect for both race and street applications
- Features a 12-volt motor, 6-amp draw, billet aluminum fitting, and includes gaskets and mounting hardware for Chevy small block V8s

remflex.com | 866-641-SEAL

## PN 2008

- Remflex exhaust gasket set
- Fits GM LS engines with 1 7/8-inch round port
- Including 5.3L – 6.2L LS1, LS2, LS3, LS6 and L99
- Also 4.8L – 6.0L truck and Hummer
- Easy, drop-in installation
- Lowers exhaust gas temperatures

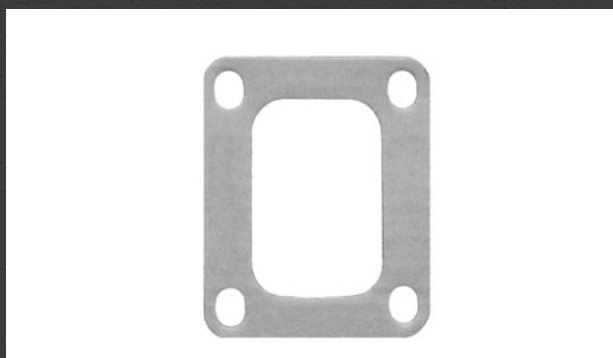

## PN 6022

- Remflex exhaust gasket set
- Mopar V8 Hemi 5.7L (2009 & up)
- 6.1L (2005–2010)
- 6.4L (2012–2016) with oval/D-shaped port measuring 1-15/16 x 1-3/8 inch

## PN 7009

- Remflex combination intake and exhaust for Toyota engines
- Fits L6 3.9L "F" (1969–1974)
- 4.2L "2F" (1975–1987)
- Stock-port Toyota Land Cruiser engine codes (F,2F)
- Heat riser and EGR gaskets included
- Six-piece set

## PN 18-006

- Remflex Turbo HD inlet gasket
- Fits Garrett, Greddy T4 inlet
- Four-bolt, turbo inlet/up-pipe gasket with open plenum
- 3- x 2-inch square
- Four elongated bolt holes
- Bolt spacing 3.250-inch on long side, 2.750-inch short side

**THE LEADER IN INNOVATIVE  
SURFACE FINISHING SOLUTIONS**

## PIPE BELT FINISHER

- + Ideal for finishing on pipe and rounded surfaces.
- + Abrasive belt contacts 180° of workpiece simultaneously for fast and even finishes.
- + Features adjustable head assembly and side handle for optimum control and operator comfort.
- + Accepts coated abrasive and non-woven nylon belts in widths of 1/2" to 1-1/2" by 30" long.
- + For use on rounded surfaces from 3/8" to 6" in diameter.

### BLACKBIRD PERFORMANCE SUPERCHARGER BELT TENSIONER FOR AFTERMARKET SYSTEMS (WHIPPLE) AND PRODUCTION HELLCAT/ TRACKHAWK/TRX WITH 10- OR 12-RIB PULLEY

- More usable range of motion for pulls well above 10,000 rpm
- Robust, higher capability with improved control and load carry
- Stout construction and stops
- Constant spring force and dampening
- Made in the USA

Contact: 309-360-9415

### BEHRENT'S PERFORMANCE WAREHOUSE

### BSC COMPONENTS TWIN- FLOW SPRINT CAR RADIATOR

- PN: BSC400-49938
- Elevate your sprint car's performance with BSC Components' Twin-flow Radiator
- Experience improved cooling efficiency and reliability in the extreme conditions of sprint car racing
- Dimensions: 17.5 inches tall, 20.5 inches wide
- Weight: 8.5 lbs. (empty)
- High-efficiency twin-flow design
- Top-fill convenience for easy refills
- Lightweight aluminum construction
- Don't compromise your performance—upgrade your radiator today!

Contact: 845-651-7389

### BLUEPRINT ENGINES LS COMPATIBLE "HIGH STRENGTH, PERFORMANCE" CRATE ENGINES

- 100% new Blueprint Engines LS high-strength iron block
- Improved water jacket design for improved cooling
- Extended 5.75-inch cylinder skirt for added piston stability at bottom dead center
- Thicker deck faces, making surfaces more rigid and ideal for forced induction applications
- Priority main oiling for optimum performance and protection
- Six-bolt main to increase strength and durability
- One-piece rear main seal
- Blueprint aluminum LS3 compatible rectangular port performance cylinder heads

# MAHLE Performance

Put only the best in your engine!

SCAN TO  
LEARN MORE

MAHLE parts outperform so you can too...

## Engine bearings

When choosing quality parts to go fast and go the distance, choose CLEVITE.

The best engine builders in the world know that with building race engines, even the best techniques and highest precision will not make up for inferior parts. That is why the cornerstone of every performance engine should be CLEVITE® engine bearings. After all, it's your reputation on the line – would you trust it to anything else?

## Piston rings

From the early days of producing cast iron rings, to modern day offering of the most advanced technology in coated steel rings, the St. Johns, Michigan plant continues to produce high quality piston rings after more than 75 years. Though materials and coating technology have changed greatly throughout the years, one thing remained the same – MAHLE piston rings are made in the USA, by highly skilled craftsman, using the highest quality materials.

## Gaskets

The latest technology combined with advanced materials, MAHLE performance gaskets provide unrivaled quality across the board.

The MAHLE Performance gasket line was built from the ground up, using the latest technology and most advanced materials to seal and protect engines designed to run harder, faster and push beyond the limits of conventional gaskets.

## Shop Equipment

Let the ShopPRO® lifting equipment from MAHLE Service Solutions safely do the heavy lifting to make working on your car easier.

Scan this QR code to view the entire ShopPRO line.

### BOOST PRODUCTS USA COMPETITION INTERCOOLER

- Boost Products USA's competition intercoolers provide you with a new generation cooling core
- Offered at the best possible price-to-performance ratio

Contact: 469-250-9589  
[boostproductsusa.com](http://boostproductsusa.com)

### BOROWSKI RACE ENGINES LS, LT AND BIG BLOCK PARTS, ASSEMBLIES AND COMPLETE ENGINES

- Inventory of parts and assemblies needed to produce Borowski's own complete engines
- Inventory-focused menu and all-CNC shop allow the company to offer short lead times and superior quality
- Quality parts brands and assemblies Borowski makes available to you are the same ones the company uses

Contact: 815-725-2727  
[borowskirace.com](http://borowskirace.com)

### BRASWELL CARBURETION CRATE CARBURETORS

- CT-350 (602)
- CT-400 (604)
- CT-525
- Gas/110; E-85; Ethanol; Methanol
- Dyno developed; race track proven
- Throttle response; drivability; acceleration
- All alcohol base
- Fuel carbs have hard anodized metering blocks and float bowls

Contact: 520-579-9177  
[braswell.com](http://braswell.com)

### CAM MOTION CAMSHAFTS

- Cam Motion produces high-performance camshafts for traditional engine platforms
- Such as small block Chevy (SBC), big block Chevy (BBC) and Ford V8s
- Also, modern LS, LT, and Gen V engines
- These products enhance valve timing, lift, and duration
- Offering hydraulic roller, solid roller, and VT options, along with supporting components

Contact: 225-926-6110  
[cammotion.com](http://cammotion.com)

### CANTON RACING PRODUCTS ACCUSUMP 3-QT, NO VALVE

- Ideal for V8 and high-horsepower V6 and 4-cylinder engines
- Made In USA
- 16 inches long and 4.250-inch diameter body
- 3-qt capacity

Contact: 203-481-9460  
[cantonracingproducts.com](http://cantonracingproducts.com)

### CHAMP PANS ALUMINUM CIRCLE TRACK WET-SUMP FOR SBC

- 40-plus years of experience of manufacturing quality, high-performance engine products
- Most of the company's oil pans come with a louvered windage tray for increased horsepower and better oil control
- Potential increase of 10-40 horsepower, depending on the style of the oil pan and louvered windage tray
- All oil pans are checked for proper fitment on engine blocks before shipping

## HIFONICS COLOSSUS PRO & MINI AMPLIFIERS

ALL-NEW for 2024 — The Hifonics Colossus line of amplifiers expands to PRO and Mini! Elevate your Hifonics audio system with BIGGER PLAYBACK in POWER through the Hifonics Colossus PRO and Mini amplifier series. It's your audio - take it to new levels of detailed performance through Colossus!

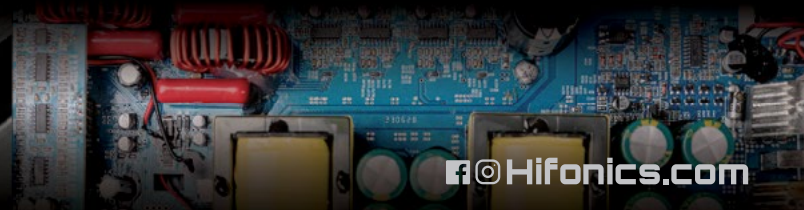

## COLOSSUS POWER INFUSED WITH POWER FROM THE GODS

Offering incredible power and loudness throughout every listening session – Hifonics Colossus PRO amplifiers use ULTIMATE POWER and PLAYBACK by bringing out LOUDER LEVELS of detail and sound within audio. Superior performance meets PRO levels of playback while staying protected under nearly every circumstance with triple protection circuits and a PRO thermal management system. Additionally, a delayed turn-on function ensures compatibility with a wide range of source units to eliminate any unwanted turn-on/off noises.

## SMALL PACKAGE, BIG POWER

Innovated in a smaller size with the Colossus Mini line of amplifiers. The smallest size footprint of the Colossus family of amplifiers delivers PRO POWER in a compact size. Delivering POWER FROM THE GODS in compact size where space is tight and limited in your Hifonics audio install – Colossus Mini amplifiers still create higher PRO POWER where you need it the most.

### FLUIDAMPR-VIBRATECH TVD MAZDA MIATA/MX-5 DAMPER

- Application for 2.0L in 2006–2014 model years
- Crankshaft torsional vibration protection across rpm range
- Reduce risk of crankshaft failure and wear on critical engine parts
- Unleash lost horsepower and torque
- Three 5/16-24 bolt holes on 2.750-inch pattern for custom mandrel and damper puller/installer tool
- SFI 18.1 certified; made in USA

Contact: 716-592-1000

[fluidampr.com](http://fluidampr.com)

### GANDRUD PARTS CENTER LT1 WET-SUMP 455HP

- 455 horsepower, 455 lb.-ft. torque
- Aluminum construction for a lightweight swap option
- Architecturally similar to the LS family
- Latest technology GM has to offer in small block design
- Direct injection for efficient power

Contact: 920-468-3658

[gmperformancemotor.com](http://gmperformancemotor.com)

### GREEN FILTER USA HIGH-PERFORMANCE AIR FILTERS 14-INCH ROUNDS

- Washable, reusable, rechargeable
- Traps particles as small as five microns
- Increased airflow creates more potent air/fuel mixture
- Increased horsepower
- 14-inch rounds available in 2-inch, 3-inch, 4-inch, 5-inch and 6-inch heights

Contact: 724-430-2050

[greenfilter.com](http://greenfilter.com)

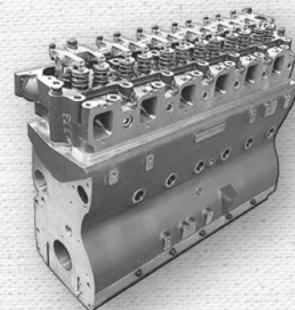

### HOWARDS CAMS TRACKSMART 3 CRANKSHAFT

- Non-twist 4340 steel forgings
- Fully CNC machined
- Deep nitride hardening
- Stress relieved and shot peened
- Large fillet radii on all bearing journals
- Improved counterweight placement
- Lightening holes in all rod throws
- Gun-drilled mains
- 750-plus horsepower rating

Contact: 920-230-4241

[howardscams.com](http://howardscams.com)

### HYPERMAX ENGINEERING IHC CRANKCASE (SHOWN WITH HIGH FLOW CYLINDER HEAD)

- IHC-compatible crankcase casting
- Water cooled for longevity
- Four-bolt wide main bearing bulkheads with crossbolts
- 28 cylinder head bolt capability
- Thick exterior walls for added strength
- Compatible with all IHC-style cylinder heads
- Designed to utilize most aftermarket accessories

Contact: 847-428-5655

### LATE MODEL ENGINES VVT-DELETE CAST FRONT COVER BUNDLE

- LME cast front cover, only available in wet sump
- Allows you to delete the factory cam phaser, which is known to fail at high rpm and high boost levels
- Improve performance and reliability
- Cam gear and cam bolt included
- Deletes VVT, eliminates GM phaser
- Easy to install—no fighting the factory phaser when installing a limiter
- Uses single-bolt GM cam gear
- Uses factory sensors and hardware
- Wet sump only O-ring to block
- Lightweight LME billet timing chain guide deletes the factory tensioner that is known to fail—improve performance and reliability
- Retains factory oiling

Contact: 713-849-4505  
[latemodelengines.com](http://latemodelengines.com)

### MAHLE AFTERMARKET CLEVITE F-SERIES ENGINE BEARINGS

- 126% increase load carrying capacity before seizure vs. conventional H-series bearings
- Increased fatigue strength and wear resistance overlay
- Higher seizure resistance vs. coated bearing—no additional thickness
- Ramp and pad designed thrust face: 93% thrust load increase vs. flat pad thrust design

### NORTHERN RADIATOR RACE PRO SINGLE ROW RADIATORS

- New single row, all-aluminum design delivers effective cooling in a lightweight package
- Double-pass version with 1 5/8-inch tubes or ultra-lightweight single-pass version with 1 1/4-inch tubes
- Available in multiple sizes
- 1 3/4-inch inlet and outlet on all models
- Same quality features from Northern's Race Pro Radiators

Contact: 800-328-8900  
[northernradiator.com](http://northernradiator.com)

### OUTERWEARS PRE-FILTERS

- Founded 45 years ago
- Created to fulfill need to keep air filter and engine clean of sand, dirt, and other debris during off-road racing because of premature packing (clogging) of the filter. Filters loading up with dirt means loss of horsepower and in many cases loss of a race, and engine damage
- Designed to keep out additional dirt without interfering with airflow

Contact: 269-679-3301  
[outerwears.com](http://outerwears.com)

### P1 MANUFACTURING FORD GODZILLA S220 HEAD- STUD KIT

- P1 introduces the S220 head stud kit for 7.3L Godzilla engines
- Featuring 220,000 psi tensile strength
- Ideal for high-performance applications
- Kit includes vacuum heat-treated 12-point nuts, parallel ground washers, and S220 studs with a clamp force of 20,100 lbs.
- All packaged in premium vacuum-sealed bags

Contact: 417-753-5174

### T&D MACHINE PRODUCTS ROCKER ARMS

- Latest from T&D is a direct bolt-on set for the Brodix BRX18
- It's based around a rigid one-piece mounting stand that provides rock-solid mounting for improved valvetrain stability and valve lash consistency
- Internal oiling to the trunion bearings and roller tips
- Larger shafts, bearings, adjusters, and jam nuts
- For higher stress applications, steel rocker bodies are available
- Ratios from 1.7:1 to 2.0:1
- T&D always means higher-grade components and fine customer service

Contact: 775-884-2292

## ATL RACING FUEL CELLS

atlltd.com | 201-825-1400

### ATL VORTEX PRO

- Innovative top plate design that utilizes a venturi system feeding a unique pressurized accumulator in place of a collector fed by lift pumps
- Accumulator means no pressure dropouts at low fuel loads and improved temperature characteristics
- No in-tank wiring and no pass-through wire connections increases safety and decreases maintenance within fuel cell

### ATL PORSCHE DUAL DRY-BREAK KIT

- Converts the standard filler neck found on the latest 911 GT3 Cup and Cayman GT4 to a dual, 2-inch female dry break valve for quick refueling applications when using a bottle or rig
- Utilized in the Michelin 992 Endurance Cup
- Bolt-in solution, no modification to fuel cell required

### ATL FIA HATCHBACK CONTAINER

- A vital component for race and rally vehicles, ensuring fuel cells located in the driver's compartment are safely covered, as per regulations
- Specifically engineered to work seamlessly with all ATL 6 x 10 top plate configurations, providing a robust and regulation-compliant solution to safeguard the fill plate and filler

### ATL 4 GALLON (15L) RACELL

- The new 4-gallon (15 liter) Racell is FIA FT3 approved and includes a FIA hologram for worldwide compliance
- Constructed from a rugged roto-molded polymer, the ATL Racell is all-fuel compatible and is ideal for time attack, hill climb, autocross, and drag racing

# AUTOMATIC TRANSMISSION DESIGN

autotransdesign.com | 262-251-7777

## TURBO 400 VALVEBODIES

- Complete lineup of valvebodies for every TH400—13 distinct styles and counting
- Manual valvebodies available with or without transbrake function
- Multiple shift patterns, three speed/two speed, clean/safe neutral options, engine braking options
- Available in US domestic billet aluminum and OE cast iron

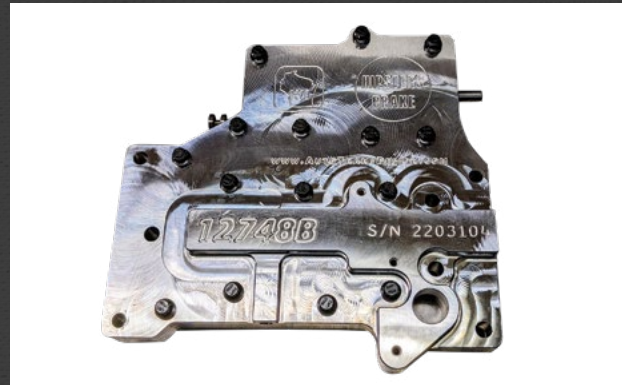

## TURBO 350 VALVEBODIES

- Brand new lineup of valvebodies for every TH350—six distinct styles and counting
- Manual valvebodies available with or without transbrake function
- Reverse shift pattern, three speed, engine braking options available
- Available in US domestic billet aluminum and OE cast iron

## 4L80E VALVEBODIES

- Transform your hotrod or race car with this lineup of 4L80E valvebodies
- Manual valvebodies available with or without transbrake function, and with or without converter lockup
- Six different styles and counting
- Available in US domestic billet aluminum and select OE-based options

## POWERGLIDE VALVEBODIES

- Hipster's Brake Powerglide transbrake valvebodies
- Choose from a fast billet aluminum brake or the original cast iron Hipster Brake while cores last
- High gear leave and internal converter feed dump options available

## CALVERT RACING

calvertracing.com | 661-728-9600

### CALTRACS

- Patented Traction Bar system, axle above or below springs
- Hooks your vehicle, especially on hard acceleration
- Improves consistency and 60-foot times
- Keeps axle from rotating, maintains pinion angle
- Low-profile, drag racing, and Monster kits available
- Made in USA

### LEAFSPRING SLIDERS

- Replaces existing worn factory shackles
- Metal-on-metal bearings reduces friction
- Virtually eliminates body and spring binding
- Bearing track angled for best torque on movement
- Made for Calvert Springs, 1955–1957 Chevy, and factory springs for 1500, S10, and GM
- Made in USA

### CALVERT PATENTED PERCHES

- Fully enclosed for added strength
- Heat penetration tabs, requires welding
- Unlike factory perches, extends above center line of axle for stability and strength
- Available in axle diameters of 2.25 inches – 3.5 inches
- Requires welding to axle
- Made in USA

### ROD ENDS/HEIM JOINTS

- Replace rod ends on CalTracs force transfer link bars
- Radial static load capacity over 14,000 lbs.
- Cars and light-duty truck standard rod ends now include grease zerk to reduce rattle
- HD heavy-duty truck and Monster/Big Link rod ends available
- Easy to adjust; turning can add up to an extra 3/4-inch in bar length

# COMPETITION CLUTCH

competitionclutch.com | 714-410-1958

## 184 SERIES MULTI-PLATE CLUTCH KITS

- Twin and triple disc clutches provide an economical racing clutch for sport compacts
- These ceramic clutch kits come with a 4140 forged flywheel and 6061 T6 aluminum cover complemented with a 6150 steel diaphragm
- Rated to hold 1,000 to 1,500 hp (depending on application) and ready for your abuse

## COMPETITION CLUTCH CHROMOLY FLYWHEELS

- Made with 4140 Chromium-molybdenum forged steel and will allow your vehicle to tap into its true potential
- Providing a larger and smooth rpm range and balanced for perfect harmonics
- Check the Competition Clutch catalog and see what option fits your car

## COMPETITION CLUTCH STAGE 3 SINGLE DISC CLUTCH KIT

- Stage 3 2600 Clutch Kits provide up to 150% increase in torque capacity
- The segmented ceramic material and performance pressure plate will provide the ultimate grab for street or strip
- Provides quick yet smooth engagement
- The kits may also include a throw-out bearing, pilot bearing/bushing, and alignment tool

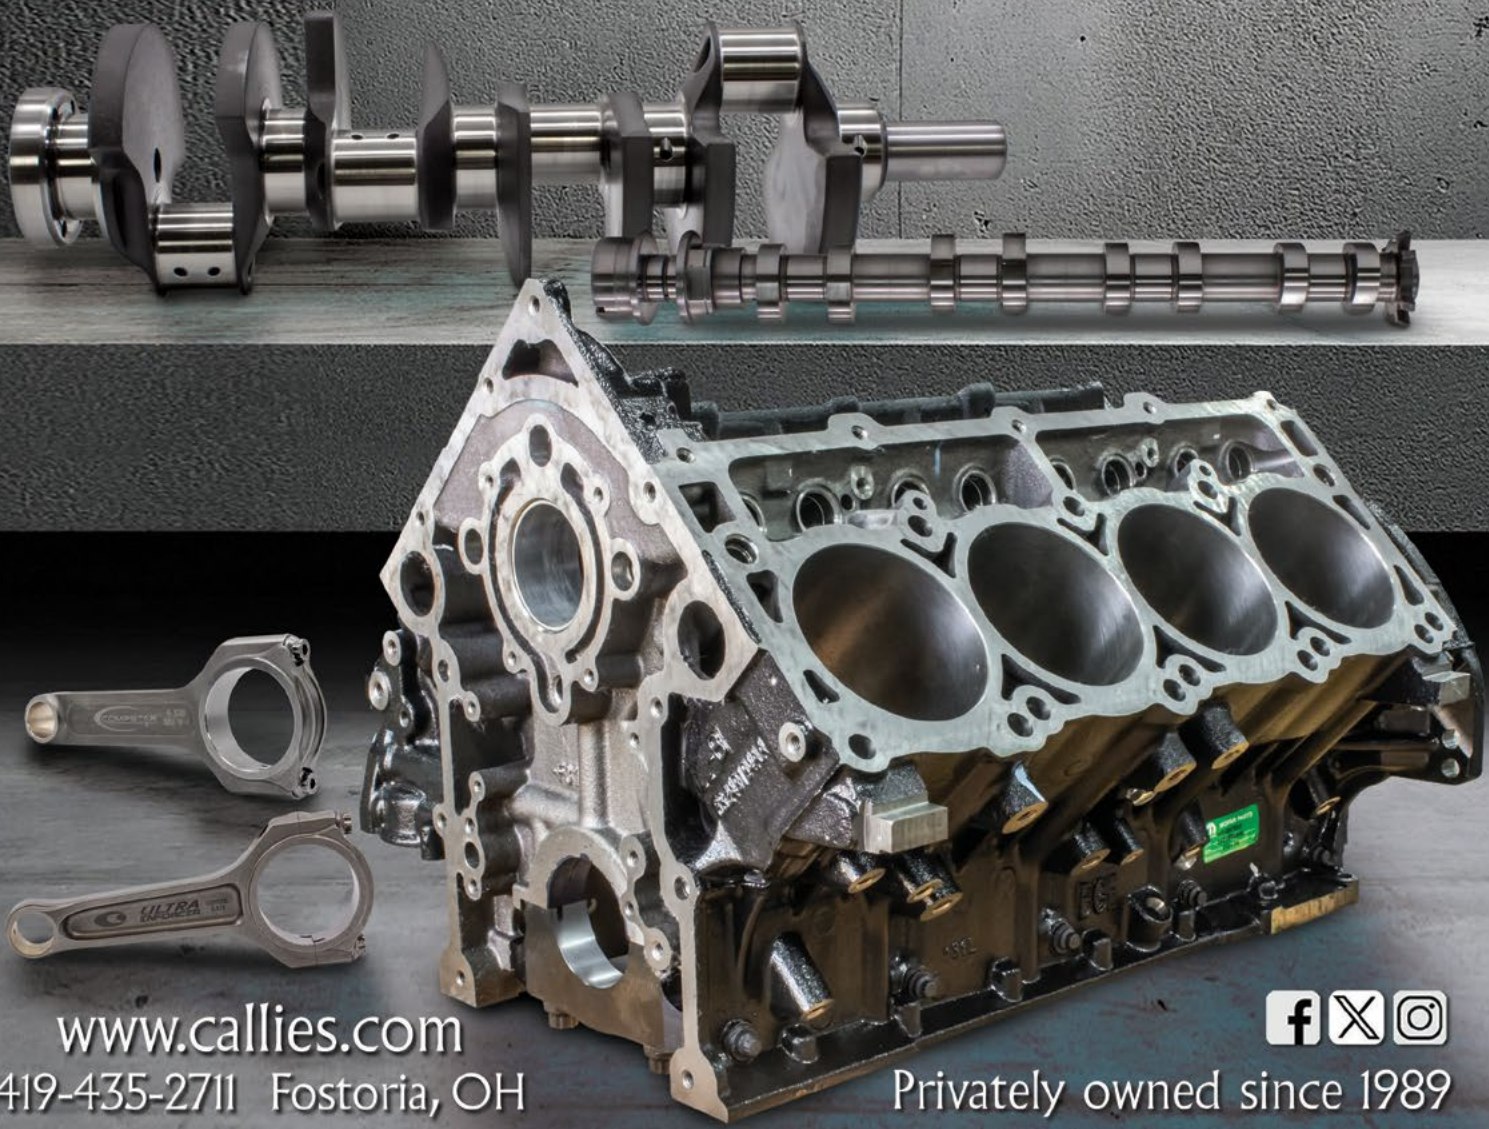

## COMPETITION CLUTCH STAGE 4 1620 CLUTCH KITS

- Stage 4 1620 Clutch Kits provide up to 250% increase in torque capacity
- This kit contains a six-puck, high-torque disc with ceramic buttons—good for penetrating engagement with higher horsepower applications
- The kits also include a performance pressure plate, throw-out bearing, pilot bearing/bushing, and alignment tool

## FTI PERFORMANCE

ftiperformance.com | 386-736-5816

### POWERGLIDE LEVEL 5 TRANSMISSION

- Rated to 1,500 hp
- SFI-certified aftermarket case
- FTI billet aluminum valvebody
- Deep aluminum pan
- 8 clutch drum
- New straight-cut planetary
- Proprietary alloy high-flow billet input shaft and 4340 billet output shaft
- New 7 bolt high-volume pump

### TWO-PIECE POWERGLIDE CASE

- Removable bellhousing
- Bushing-style case
- Fits LS and LT engines
- SFI-certified
- Utilize with aftermarket Ford or Chrysler bellhousings

### SS8 "SNOWMAN" SERIES 8" RACING CONVERTER

- Built with entirely new parts
- Available in spragless or mechanical diode
- CNC-machined stators available in steel and aluminum

## MCLEOD RACING

mcleodracing.com | 714-630-2764

### RXT TWIN DISC CLUTCH KIT

- Intended for the high-horsepower street/strip fan, the McLeod RXT Street twin clutch kit is able to handle 1,000 hp. This clutch can handle almost any horsepower you can throw at it and still remain street-able
- Ceramic lined clutch discs will provide smooth engagement with a soft pedal effort to make this clutch kit ideal for the street performance enthusiast
- This clutch is perfect for the person who wants the best of both worlds

### MAG FORCE CLUTCH KIT

- Mag Force SE—rated up to 700 hp, this clutch system is perfect for high-horsepower street cars in both import and domestic applications
- With a billet aluminum cover, ceramic discs, this is your ideal clutch for the street or road racing, drag racing, and salt flats time trials

### MINI MAG CLUTCH KIT

- With NHRA Top Fuel proven technology, these 7 1/4" clutch kits have friction material

designed to endure the required slippage of drag racing

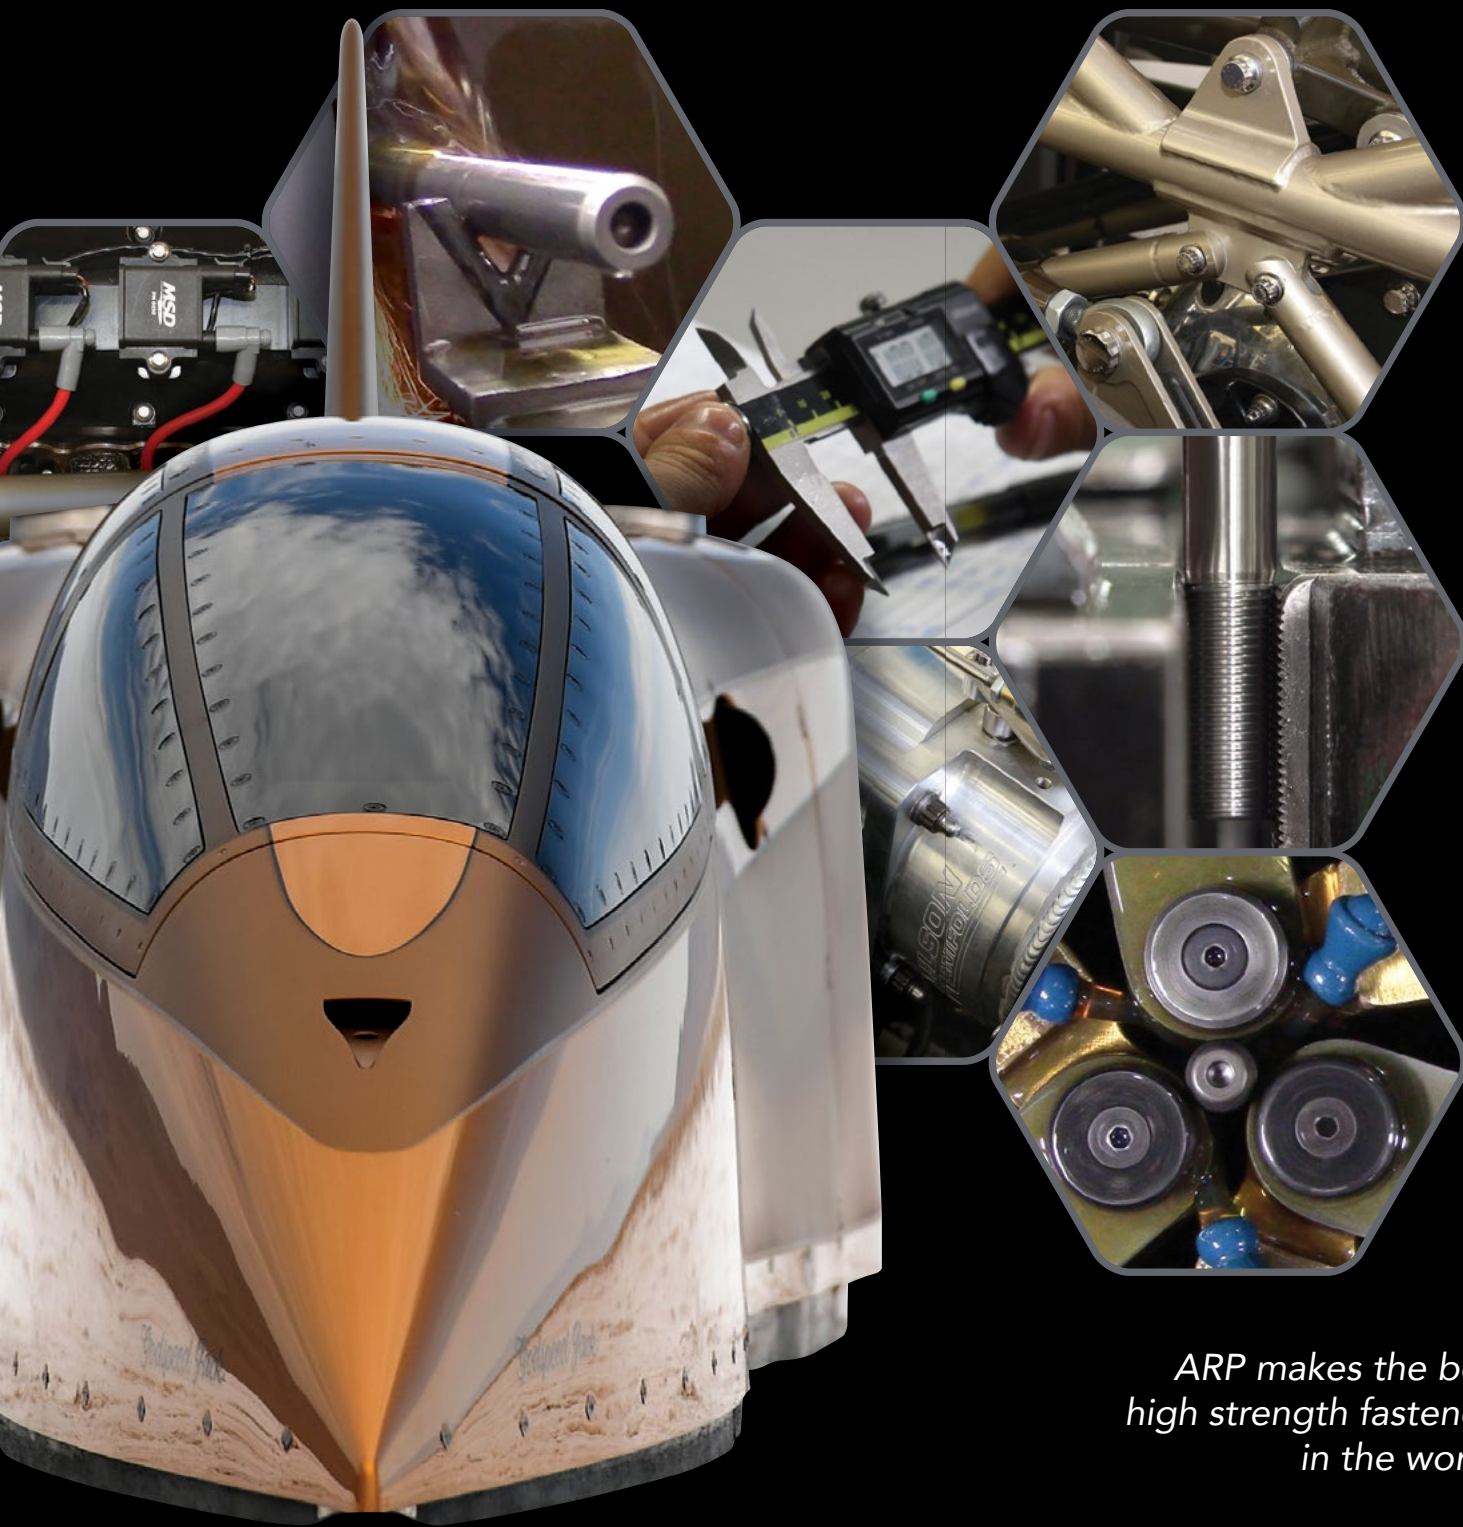

- With multiple diaphragm spring pressures, this clutch is able to suit individual applications. It has a high clamp-to-wear ratio, low moment of inertia, and has an open clutch cover design to keep the unit running cooler under heavy use
- The kits can be ordered single-, twin-, or triple-disc configurations. These kits include a racer rebuildable disc and floater packages along with replacement part availability
- The clutch is manufactured to high precision tolerances to keep fitment and assembled concentricity perfect, which help reduce harmful resonances within the engine and drivetrain
- Kits are designed to fit most 7 1/4" industry standard flywheel bolt patterns with .100 pull down. These kits are available for Chevy, Ford, Honda, Toyota, and many other vehicles
- All components are made from billet aluminum or steel

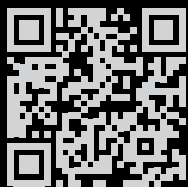

### 7.25" SAND RAIL 4 PLATE CLUTCH KIT

- The McLeod 7.25" 4 Disc Assembly is built to tame over 2,000 hp
- Every component is precision-matched. With a smooth, soft pedal feel, the kit offers effortless control with massive power at your command
- Equipped with premium ARP hardware to ensure durability and reliability on the roughest rides

Speed Demon Racing won its 12th Hot Rod Trophy and set its 24th land speed record running custom and off-the-shelf ARP fasteners.

And now,  
it's literally  
driven by ARP.  
Scan for  
the full story

ARP makes the best  
high strength fasteners  
in the world.

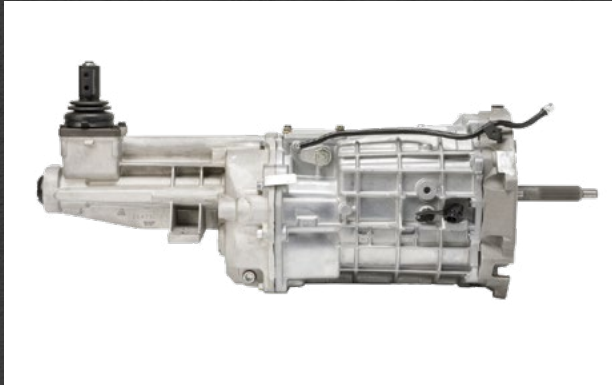

We don't stop there.  
We get behind the wheel and prove it.

# SILVER SPORT TRANSMISSIONS

shiftsst.com | 865-609-8187

## TRECMEC MAGNUM XL 6-SPEED

- Direct replacement for 2005 and up S197 Mustangs with an extended tailhousing to eliminate the semi-remote shifter for radically improved shift feel and overall performance
- 700 lb. ft. torque capacity and 7800 rpm shifts
- The longest TRECMEC available, it is a great fit for many late model applications

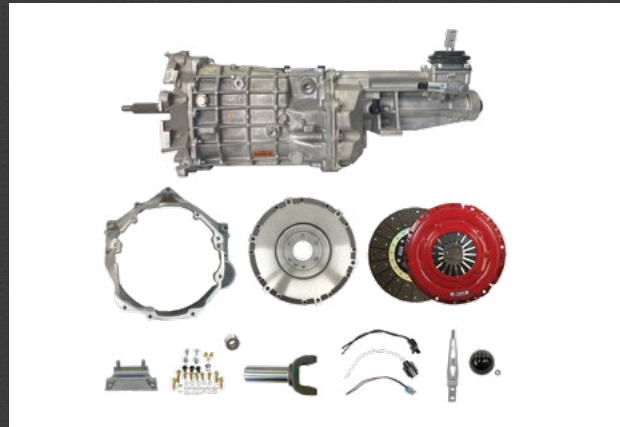

## STX SHIFTER

- Bolt-on replacements for a wide variety of TRECMEC OE and aftermarket transmissions
- Bench seat clearing front shift kits available for TKO, TKX, and Magnum as well as some T56 models
- Engineered in-house to be compact with short, positive, smooth, and fast throws

## TRECMEC TR-4050 5-SPEED WITH OD TRANSMISSION FOR 4WD VEHICLES

- 600 lb. ft. torque capacity
- Ultra-low 6.16 first gear with a 0.76 overdrive, it's perfect on and off the trail
- Completely synchronized in all forward and reverse gears for smooth shifts

## 2010-2015 GEN 5 CAMARO MAGNUM XL KIT

- Complete kit for easy installation
- 700 lb. ft. torque capacity and 7800 rpm shifts
- Eliminate the semi-remote shifter for improved feel and overall performance with the extended reach of the Magnum XL

**Now with Duramax L5P**

## UNLOCK YOUR VEHICLE'S **MAXIMUM POTENTIAL!!!**

Put the right tools in your toolbox! **FlashScan V3** from EFILive allows you to scan, data log and reprogram your vehicle for maximum performance and outstanding drivability.

### **FLASHSCAN V3 SPECIFICATION:**

- ✓ Fully integrated Scan and Tune Tool.
- ✓ All new V8 tune file editor.
- ✓ Integrate your custom calibrations into the V8 editor.
- ✓ Light duty (CAN J1979, VPW J1850) and Heavy duty (CAN J1939) protocols.
- ✓ Supports 600 VIN Licenses.
- ✓ Large, easy to read color screen.
- ✓ Built in 512MB micro SD Card.
- ✓ Built-in audible alarms.
- ✓ Upgradable firmware.
- ✓ Vehicle input voltage - Min 9V, Max 28V.
- ✓ Battery backed real-time clock.
- ✓ Appears as a Windows USB drive.
- ✓ Built-in power supply prevents data corruption if external power supply is interrupted.
- ✓ Customize menus, colors and images.
- ✓ Read & clear DTC codes.
- ✓ High speed data logging.
- ✓ Display data while logging.
- ✓ Read & program calibration & operating system data of engine controller.
- ✓ Integrates with AutoCal V3 to deliver your own custom handheld tuning device.
- ✓ Automatic saving of trace files.
- ✓ Internet connection not needed for flashing or editing.

### **FLASHSCAN & AUTOCAL V3 COMPATIBILITY:**

**FlashScan V3 & AutoCal V3** can be used with the following controllers:

- » Most 2006-2021 Dodge Cummins 5.9L & 6.7L
- » Most 1998-2021 GM Gas Vehicles
- » 2001-2023 Duramax 6.6L
- » 2014-2021 Duramax 2.8L
- » Most 2007-2021 Cummins HD Controllers
- » EFILive supported TCMs may flash without licensing or credits.

**FlashScan V3 with one Tuning option US\$1025.00**

**AutoCal V3 as low as US\$290.00\***

\*Quantity discounts available

# SLADE PRECISION SHOCKS

sladeprecisionshocks.com | 704-232-1127

## COPPERHEAD DOUBLE ADJUSTABLE

- Copperheads offer a wide range of low speed adjustment
- No expensive mechanisms in the shaft making rod end removal quick and easy
- Smooth or threaded body in 6-, 7-, and 8-inch lengths—threaded body versions use 2.5-inch springs
- Available in 1/2-inch and 5/8-inch shaft size for different applications

## PRECISION TWIN TUBES

- Exclusive internal design gives consistent fade-free performance in the harshest conditions
- Non-adjustable or single adjustable
- Standard body or small body, smooth or threaded: 6-, 7-, 8-, and 9-inch lengths
- Standard body available in 1/2-inch and 5/8-inch shaft size for different applications

## ALL NEW STEEL BODY PRECISION TWIN TUBES

- All new steel threaded body precision twin tubes
- Same great features as Slade's aluminum versions in a steel threaded body version
- Non-adjustable or single adjustable in 7- and 9-inch lengths
- Shocks can be configured with steel body and aluminum copper colored cap or steel body with black steel cap

## BUMP CONES

- Durable material that won't give up after a couple races
- 2-inch tall cone shape creates a gradual progression of compression force before spiking when used with Slade's cups
- Five stiffnesses to meet the needs of nearly any type of application
- 1/2-inch and 5/8-inch ID versions available

## S1 PRESSURE TRANSDUCER

- Designed for high-volume manufacturing with high-quality, low cost and quick lead times
- All stainless-steel, thin-film pressure CVD-based sensor technology for exceptional cycle life and repeatability
- Outstanding shock and vibration resistance
- IP65 and/or IP67 levels of ingress protection

## G2 AND G3 PRESSURE TRANSDUCERS

- G2: Field-proven sensor; all stainless-steel wetted materials provide excellent overpressure capability and durability
- G3: All 316L stainless steel wetted materials for installations in pressures as low as 100 in. H2O
- Both G2 and G3 highly configurable with wide selection of pressure connections, outputs, and electrical terminations

## GV PRESSURE TRANSDUCER

- All-welded sensor and pressure connection designed for high vibration applications
- Field-proven polysilicon thin-film pressure sensor provides excellent overpressure capability and outstanding durability despite substantial shock and vibration
- Highly configurable with wide selection of pressure connections and electrical terminations

## DG25 DIGITAL PRESSURE GAUGE

- All-welded sensor and pressure connection provide reliable vehicle support in pit lane
- Available in a wide variety of pressure ranges, connections and optional features, including backlit display and rubber protection boot
- Provides menu-driven features including unit select, min/max hold, and dampening

# COOL RACING PARTS

coolracingparts.com | 239-415-2445

## CARBURETOR SLIP COVER

- Cools and condenses the air-fuel mixture to enhance performance and helps prevent heat soak
- Fits any single carburetor on a low- or high-rise intake manifold
- Acts like a sponge when used with ice, preventing water from dripping into the engine
- Reaches near-freezing temperatures using a simple activation process

## SUPERCHARGER COOLING PAD

- Cools and condenses air-fuel mixture, enhancing horsepower and torque for improved performance
- Helps prevent overheating caused by heat soak
- Compatible with both factory stock and aftermarket superchargers
- Activate with water, then store in ice chest or refrigerator; reaches near-freezing temperatures
- Unlike ice bags, it absorbs water, keeping the area clean

## DYNO BLANKET

- Improves performance by maintaining stable and manageable engine temperatures

- Absorbs and removes heat from the engine and its components
- Features evaporative cooling technology that accelerates temperature drop
- Protects engine components against power-robbing heat soak
- Reduces time between dyno pulls
- Optimizes tuning for peak horsepower gains
- Cools faster than ice bags

## EFI INTAKE PIPE COOLER

- Cools and condenses airflow, increasing horsepower and torque, and maintaining consistent temperatures
- Helps prevent heat soak by lowering intake airflow temperatures for better recovery
- Parts can reach near-freezing temperatures in just minutes
- Ideal for normally aspirated, turbocharged, or supercharged engines
- Outside diameter options available for 2-, 3-, and 4-inch pipes

# KIRKEY RACING FABRICATION

kirkeyracing.com | 800-363-4885

## 85 SERIES INTERMEDIATE 10° LAYBACK CONTAINMENT SEAT KIT

- New for 2025
- Unique adjustable design eliminates the need for a custom seat, saving hundreds of dollars
- Three-piece design gives 3 1/2" vertical adjustment. 2-1/2" in

torso, 1" for head restraint

- Designed for: Limited Sprint Cars, Northeast Dirt Modifieds
- 10° layback
- Available in 14" through 17" hip widths

## 86 SERIES INTERMEDIATE 20° LAYBACK CONTAINMENT SEAT KIT

- New for 2025
- Unique adjustable design eliminates the need for a custom seat, saving hundreds of dollars

• Three-piece design

gives 3-1/2" vertical adjustment. 2-1/2" in torso, 1" for head restraint

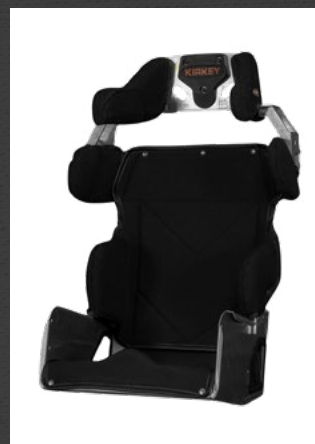

- Designed for: Dirt Late Models, Asphalt Late Models, Crate Late Models, Midwest Modifieds, Street Stock
- 20° layback
- Available in 14" through 18.5" hip widths

## 35 SERIES CHILD ADJUSTABLE CONTAINMENT SEAT KIT

- Unique adjustable design allows seat to grow with your young driver
- Three-piece design gives 3-1/2" vertical adjustment. 2-1/2" in torso, 1" for head restraint

- Designed for: Caged Karts, Dwarfs, Legends, Mod Lites, Street Stocks, Tobias Slingshots
- 18° layback
- Available in three sizes: 10", 12", 14"
- Foam insert kit included to reduce width up to 1" for smaller drivers

## 83 SERIES STANDARD 10° LAYBACK CONTAINMENT SEAT KIT

- This popular entry-level containment is now available in a 10° layback
- Three-piece design gives 3-1/4" vertical adjustment. 2-1/2"

in torso, 3/4" for head restraint

- Designed for low-horsepower vehicles with limited space
- Available in 14" through 18.5" hip widths

# LAT RACING OILS

latracingoils.com | 714-341-1241

## PRO LITE ATF GALLON

- Pro Lite ATF is a 20WT automatic transmission fluid
- Great for bracket racing, naturally aspirated, and nitrous engines
- Extreme temperature control
- Faster lock-ups, smoother shifts, and improved elapsed times
- Exclusive PCE Technology reduces wear and offers longer life on all internal parts

## PRO ATF GALLON

- Pro ATF is a 30WT automatic transmission fluid
- Great for Top Dragsters, turbo cars, Pro Mods, and other high-output cars
- Extreme temperature control
- Faster lock-ups, smoother shifts, and improved elapsed times
- Exclusive PCE Technology reduces wear and offers longer life on all internal parts

## PRO MAX ATF GALLON

- Pro Max ATF is a 50WT automatic transmission fluid
- Great for when a more aggressive fluid is needed for higher horsepower applications and tighten loose converters
- Extreme temperature control
- Faster lock-ups, smoother shifts, and improved elapsed times
- Exclusive PCE Technology reduces wear and offers longer life on all internal parts

## PRO X ATF GALLON

- Pro X ATF is a 60WT automatic transmission fluid
- LAT's most advanced ATF developed for the extreme conditions for classes like X275 and Pro Mod and improved positive clutch engagement
- Extreme temperature control
- Faster lock-ups, smoother shifts, improved elapsed times

# MAXIMA RACING OILS

maximausa.com | 619-449-5000

## STEP 1: ASSEMBLY LUBE

- Lubricant designed to form a durable protective film on moving components
- Formulated with 2X Zinc anti-wear system that activates at both high and low temperatures
- Prevents metal-to-metal contact after startup
- Non-foaming formulation easily dissolves into both mineral and synthetic oils

## STEP 2: ASSEMBLY GREASE

- High-performance assembly grease that excels in a multitude of heavy- and light-duty applications
- Unique calcium sulfonate complex soap thickener combines with a proprietary additive system to deliver thermal stability and extreme pressure performance
- Oil-soluble formulation won't clog filters and provides protection against corrosion, water washout, and wear

## STEP 3: PERFORMANCE BREAK-IN OIL

- Mineral-based engine oil specifically formulated for breaking in engines with flat tappet camshafts, roller elements, and where maximum anti-wear performance is needed
- High ZDDP formulation combines the highest quality mineral base stocks with a shear-stable polymer system to provide fast and effective ring seal
- Proprietary additive system utilizes a complex, low temperature activating 2X Zinc system that ensures immediate and lasting protection

## STEP 4: CHOOSE YOUR LEVEL OF PERFORMANCE

- Mineral-based engine oil developed formulation utilizes a 2X Zinc system combined with stay-in-place chemistry for protection during every run
- Semi-synthetic, ester-based engine oil designed to ensure optimum protection and peak performance for race and hot rod engines
- Full-synthetic, triple ester racing engine oil designed to ensure maximum performance while providing maximum protection under the most severe conditions

# PERFORMANCE PLUS GLOBAL LOGISTICS

pplusglobal.com | 636-946-7587

## LOGISTIC SOLUTIONS

- Official logistics partner of the performance industry
- Performance Plus manages the logistics needs of customers with the highest quality service at competitive prices
- Performance Plus's mission is to exceed customer expectations by providing 'Best in Class' custom solutions
- Performance Plus provides each customer with a dedicated professional with experience in performance and transportation

# SCHAEFFER MANUFACTURING CO.

[schaefferoil.com](http://schaefferoil.com) | 314-865-4100

## MICRO MOLY RACING OIL 10W-30

- Resists separating from alcohol-based fuels
- Extra zinc to protect flat tappet cam engines and other components from wear
- Extra protection for when engines are operating at higher temperatures. Keeps engines clean from harmful debris and buildup
- Reduces oil consumption

## MICRO MOLY RACING OIL SAE 70

- Resists separating from alcohol-based fuels
- Extra zinc to protect flat tappet cam engines and other components from wear
- Extra protection for when engines are operating at higher temperatures. Keeps engines clean from harmful debris and buildup
- Reduces oil consumption

## PENETRO 90 PENETRATING OIL

- Excellent on heim joints, wheel studs, and weight jack bolts that have become difficult to operate
- Prevents thread stripping and busts through rust. Protects against corrosion, rust, and abrasive particles
- Frees stuck and rusted parts but doesn't affect seal materials or coatings

## SUPREME GEAR LUBE 75W-90

- Reduces operating temperatures. Enhanced thermal and oxidative stability and durability
- Excellent extreme pressure properties to protect against wear. Enhanced gear, bearing, and seal cleanliness
- Compatibility with all types of seals

# THERMO TEC AUTOMOTIVE

thermotec.com | 800-274-8437

## ADHESIVE-BACKED HEAT BARRIER

- Shields components from radiant heat with its aluminized finish and woven silica material
- Handles up to 300°F of direct heat and 2000°F of radiant heat
- Easy to apply on any surface or wrap around hoses and wires for a professional look

## ULTRA-LITE INSULATING MAT

- Reduces intense heat for race car drivers
- Utilizes cutting-edge materials and Thermal Conduction Technology (TCT)
- Reflects and disperses heat with a highly textured aluminum composite surface
- High-temp synthetic felt center insulates against radiant heat
- Keeps floorboards cooler and more comfortable in extreme conditions

## EXPRESS SLEEVE

- Ultimate solution for wire, hose, and cable protection
- With a hook-and-loop closure, it's easy to apply
- Combining high-temperature insulation with a reflective Mylar foil, it reflects over 90% of heat up to 2000°F
- Available in various sizes and lengths
- Made in the USA

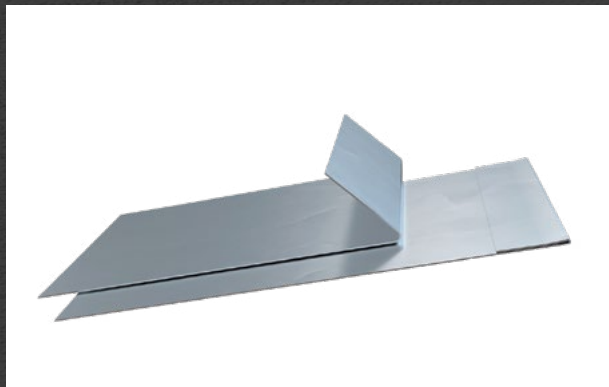

## EXHAUST WRAP

- Experience more horsepower and reduced under-hood temperatures
- Developed over 30 years ago, it maintains hotter exhaust gases for faster exit and increased scavenging
- Withstands up to 2000°F, asbestos-free, and won't over-insulate thanks to Thermal Conduction Technology (TCT) coating, ensuring optimal heat control

## ALUMINUM SHEETS FOR RACE SEATS AND SPOILERS

- Wieland aluminum sheets are bendable, durable, and rust resistant
- 5052 aluminum provides extra strength and safety
- Ideal for shaping racing seats and spoilers

## PAINTED ALUMINUM SHEET AND COIL FOR RACE CAR BODIES

- Available in 40-plus colors
- Most popular: Ultra White, Black Gloss, and Red. Exotic collection includes Extreme Green, Bright Orange, Power Purple, and Electric Pink
- Stocked in gauges 0.020"–0.080"

## COPPER SHEETS AND COIL FOR RADIATOR STRIP, GASKETS, AND POWER ELECTRONICS

- Wieland stocks a wide variety of copper and copper related alloys
- Offers increased strength and longevity in performance vehicles
- Stocked in gauges 0.0005"–0.25"

## COPPER ROD AND TUBE FOR BEARINGS AND BUSHINGS

- Wieland rod and tube is available in high-performance alloys such as C63000, C67300, ToughMet 3, and more
- Provides wear resistance, increases power, and features anti-galling properties
- Stocked in a wide range of tempers and diameters

**ALTRONICS**  
**PERFORMAIRE PRO WEATHER SYSTEM**

- Unmatched weather accuracy
- Proprietary performance and air density calculations
- ET-throttle stop plate jetting predictions
- Oxygen and water content measuring
- Remote display capability
- Easy track setup and storage
- Integrates with included racing logbook software
- Weather and wind tracking
- Event and run storage
- Weather/prediction paging and text messaging

### GASTOPS METALSCAN MODEL MS4110

- Online oil debris monitoring systems designed to detect the passage of wear metal particles in lube oil lines
- Systems, which can be used in any pipe-flow situation, are particularly suited to equipment applications where detecting metallic debris in the lubrication oil can provide early indication of component wear/damage
- For over 25 years, MetalSCAN has been a standard engine/drivetrain online detection technology on dynos/test stands in motorsports applications, including most of the top manufacturers in IndyCar and Formula 1

**ZYCOAT**  
**ZYCLEAR HIGH-TEMPERATURE, HEAT-DISSIPATING CLEAR COATING**

- ZyClear breakthrough high-temperature, heat-dissipating clear coat reduces under-hood temperatures by over 30%
- Is wiped on or spray applied with an air-brush and fully air cures in 60 minutes
- ZyClear is applied to stainless steel, titanium, and prevents metal discoloration
- Apply ZyClear on headers, turbos, downpipes, exhaust, manifolds, and other engine components
- ZyClear comes in easy application kits, including surface cleaner, ZyCoat lint-free wipes, and gloves

**CRAFTED IN THE USA**

**Perform at a higher level...**

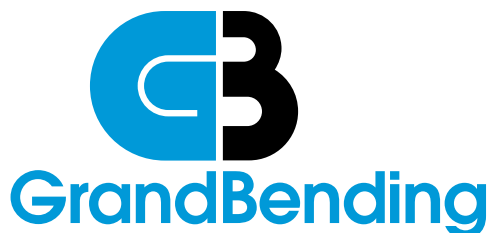

**and eliminate your competition.**

With over 20 years of experience in fabricating custom and high-performance exhaust systems for race cars, vehicle restylings, and restorations—you might say we're obsessed. All Grand Bending products are available in aluminized carbon steel and stainless steel thin-wall tubing and utilize short-radius tube bends measuring 1½–5 inches.

Got a new project coming up? Call **770-426-0734** or email us at [sales@grandbending.com](mailto:sales@grandbending.com) today.

comecus.com | 800-887-6076

## ACF200CNC

- CNC boring mill
- Simple conversational operation
- Dual-panel touchscreen control
- Ballscrew drives, linear slideways and brushless servomotors
- Boring, milling and fixturing included
- 2.4- to 6.7-inch boring diameter standard
- CBN/PCD milling head

## RP1400CNC

- Simple conversational operation
- Dual-panel touchscreen control
- 16-inch CBN/PCD milling head
- Cutter and column height stored in memory
- Laser surface scanning
- Automatic and manual control modes
- Capacity for large diesel heads and blocks

## LEV300 CYLINDER HONING MACHINE

- Programmable vertical stroke cylinder honing machine
- Simple touchscreen operator control
- Adjustable crosshatch angle
- Friction feed hone head/uses standard Sunnen AN-type stones
- Software adjustable upper and lower overstroke
- User definable Dwell parameters
- Universal block mounting fixture, holds up to 35-inch long V and inline blocks

## RV516ASM

- High precision valve refacer
- Centerless chuck design
- Infinitely variable workhead rpm
- 4-mm to 5/8-inch valve stem diameter capacity
- 0-60 degree angle, up to 4-plus inches head diameter capacity
- Wheel dresser and micrometer butt grinder included
- Workstand included

# CTECH MANUFACTURING

ctechmanufacturing.com | 715-355-8842

## ECONO9 GARAGE CABINET PACKAGE

- Durable, corrosion-resistant aluminum alloy construction
- MotionLatch cabinet doors and gasket-sealed countertop
- Easily adjustable feet and shelving
- Ships fully assembled in one to two business days

## CONFIGURABLE WORKTOP CART

- Unobstructed working surface with dual-sided storage access
- Dedicated push/pull/tow chassis for easy trailer transport and paddock maneuverability
- Customize size, color, options, drawer stacks, and more online

## CONFIGURABLE PRO TRAILER BASE CABINET

- Tough powder coat finish
- Lightweight aluminum alloy construction
- Gasket-sealed countertop
- Customize this cabinet extensively using an interactive online builder

## HALF ASS SERVICE CART WITH MOTIONLATCH DRAWER

- Airless "HalfAss Casters" combine the maneuverability of a caster with the smooth roll of a pneumatic tire
- MotionLatch top drawer for convenient tool storage
- Removable top tray for easy cleaning
- All components are powder coated prior to assembly for ultimate longevity

## GIANT FINISHING

giantfinishing.com | 708-343-6900

### GIANT MODEL W-5 VIBRATORY TUB

- 5 cu. ft. working capacity with a 19-inch x 35 1/2-inch process chamber
- Steel-hinged sound enclosure
- 110 V 1 PH with variable frequency drive plug and play
- Locking casters for portability
- 10-gallon steel fabricated settling tank with pump for fluid management
- Many other options available

### GIANT MODEL GB-3 VIBRATORY BOWL

- 3 cu. ft. of working capacity with a 9-inch process chamber
- Internal separation for parts unloading
- 110 V 1 PH with variable frequency drive plug and play

### GIANT MODEL GCB-40 HIGH ENERGY CENTRIFUGAL BARREL TUMBLER

- Four cradles with multiple barrel options
- Variable speed drive
- 12.5-inch x 6.75-inch diameter barrels (four)
- 1.4 cu. ft. working capacity

### GIANT GSB SLURRY BLASTER

- 48-inch x 36-inch work area
- Ergonomic blast gun
- Window wiper with water control knob
- Foot pedal operation

# HOOSIER PATTERN

hoosierpattern.com | 260-724-9430

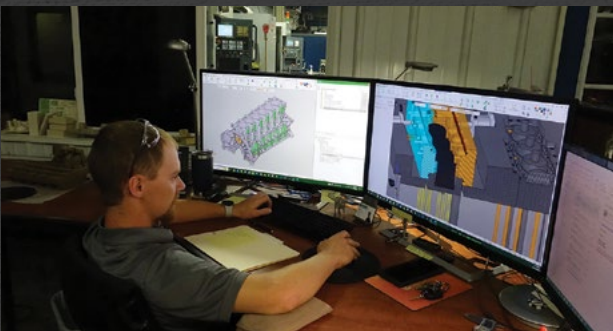

## 3D PRINTING

- Five in-house state-of-the-art 3D sand printers print geometrically complex molds and cores, bypassing tooling fabrication and drastically reducing lead times
- To meet client's expectations, every printed project contains 15 test bars and permeability pucks that test the core strength, XYZ directional tolerance, dimensional strength, and permeability
- Initial tests are performed when prints are complete and then again in 24 hours

## SAND CLEANING

- Hoosier Pattern's 3D sand cleaning department is the last stop the 3D sand prints pass through before they are packaged and shipped to the customer
- Highly trained and detailed employees ensure that each mold meets quality control standards
- Uses a two-check system in which an employee and auditor verify that every mold and core passes inspection

## CAD/CAM

- CAD/CAM department works with customers to provide foundry tooling for their molding or core machines
- Hoosier Pattern stays up to date with their standards when developing and maintaining the necessary tool build files and backing them up to the company server for future use daily and offsite weekly
- Throughout the process, Hoosier Pattern communicates and collaborates via web conferencing ensuring customers receive exactly what they need

## MACHINING

- For over 25 years, Hoosier Pattern has offered foundry tooling proudly serving regional and national clients from small jobs to large-scale projects
- Employees come from various occupations and skill sets within the machining and foundry industry
- Technical background, latest technology, extensive training, and an active apprenticeship program allow Hoosier Pattern to constantly deliver high standards to our customers

## IRONTITE PRODUCTS KWIK-WAY VAN NORMAN

irontite.com | 319-377-9421

**irontite**  
THE PROFESSIONAL'S CHOICE

A family of brands trusted for over 100 years.

**KWIK-WAY**  
BY IRONTITE

**VAN NORMAN**  
BY IRONTITE

### KWIK-WAY SVSIID VALVE GRINDER

- Manufactured in the USA since the 1920s, the Kwik-Way valve grinder SVSIID is an accurate system for refacing valves
- The exclusive Kwik-Way six ball Centerline chuck ensures perfect concentricity for reliable and repeatable precision
- Backed by a solid three-year limited warranty

### VAN NORMAN FG5000 FLYWHEEL GRINDER

- The original American-made flywheel grinder
- Exclusive solid cast table support means no deflection
- Direct-drive table
- Productive and rugged flywheel grinder. Fast grinding for the race industry

### IRONTITE DIESEL INJECTOR SLEEVE TOOLING

- The Irontite Diesel injector sleeve removal and installation kits are made in the USA and designed to install the injector sleeve to OEM specifications
- Made with precision materials, the Irontite Diesel kits are made for Cummins, Paccar, Navistar, GM/Detroit Diesel, and Caterpillar
- Machinists around the world choose Irontite. The professional's choice

### IRONTITE CRACK DETECTION AND REPAIR KITS

- The Irontite Crack Repair System is a cold repair process for repairing castings
- The cold crack repair process does not alter the casting like welding does
- The detection and repair kits supply all the tooling needed to return the casting to "Irontite" condition

# JACKPAK

jackpak.com | 800-253-2363

**JACKPAK**  
By BendPak

## JACKPAK ULTRA2500A

- 4-in-1 car battery jump starter
- This versatile battery pack acts as a jump starter, air compressor, LED flashlight, and even a charger for mobile devices
- Compact design allows for easy storage in small spaces

# LITESTIX BY BENDPAK

bendpak.com/litestix/ | 800-253-2363

**BendPak.**

## LITESTIX

- Versatile LED portable work light designed for heavy use
- A total of 36 super-bright LED bulbs provide brilliant lighting coverage anywhere you need, perfect for nighttime and other low-light projects
- Includes a large-capacity 2,600 mAh Li-ion battery that has been thoroughly tested to last up to six hours of continuous use
- An impact resistant polycarbonate light housing, all-steel telescoping light tube holder latches from 49.5- to 79.75-inch lengths, and two swivel-head mounts with built-in magnets provide all the flexibility and versatility to illuminate your next project

# MAXJAX BY BENDPAK

maxjax.com | 844-629-5291

## MAXJAX®

## MAXJAX

- Patented portable two-post lift designed to fit in your garage or automotive professional shop
- Perfect for low buildings with low ceilings
- MaxJax is equipped with five anchor bolts in each column that are capable of securing up to 16,500 lbs. each. That's roughly 82,500 lbs. of pressure being applied down for each column

# MRCOOL

mrcool.com | 270-366-0457

## DIY SINGLE ZONE SERIES

- Easy DIY installation
- Smartphone app
- Easy quick connect line set
- DC inverter

## ADVANTAGE SERIES

- DC inverter
- Quiet operation
- Gold fin condenser
- HVAC technician required

## MOUNTING BRACKETS

- Protects condenser from debris and pets
- Solid steel painted construction
- MB176 supports up to 176 lbs.
- MB440 supports up to 440 lbs.

## MRCOOL CARE KIT

- Foaming coil cleaner
- Pull rod spray gun and water bottle
- Water collection bag and drain hose
- Air freshening filter

# PALMGREN

palmgren.com | 800-827-3398

## 9681123 – 6" X 48" BELT & 10" DISC

- Palmgren's 6" x 48" Belt and 10" Disc Sander is designed with any fabrication application in mind
- Heavy-duty 1.5 horsepower direct-drive power train for more torque

## WOOD/METAL COMBINATION VERTICAL BAND SAWS

- Palmgren's combination vertical band saws come in 15", 18", and 20" throat depths
- What makes these saws unique is their two-pulley system combined with a direct drive transmission assembly
- This system provides high speeds for cutting wood and plastics, but also a mix of low speeds for cutting ferrous and non-ferrous materials

## HOLE TAPPING SOLUTIONS

- Providing a full assortment of pneumatic and electronic tapping arms, Palmgren has tapping solutions for holes as small as M3 and as large as 2"
- All Palmgren tap holders have a ratcheting function that engages when tapping blind holes to reduce the chance of breaking a tap when reaching the bottom of a hole

## H-FRAME PRESSES

- With size ranges from 5-ton to 100-ton, Palmgren offers 10 different H-frame presses with either manual operation or electronic operation
- Every frame is constructed of heavy-duty steel with leak-free steel cylinders
- A key piece in any fabrication shop, H-presses are the ultimate do-it-all tool used for assembly, straightening, bending, forming, punching, and shearing applications

## QUICKJACK BY BENDPAK

quickjack.com | 888-262-3880

### QUICKJACK 5000TL

- 5000TL portable car lift adds an extra 3 inches bringing the lifting height to 24 inches
- This enhancement increases access to the undercarriage of the vehicle and provides an overall increase to your comfort and capability
- QuickJack handles the lifting and safe keeping of a vehicle with the simple push of a button
- No crossbeams are on the ground to get in your way
- Each of the two frames feature automatic locking bars that are essentially "jack stands" built right into the sides
- Perfect for performing any job with jacks and stands
- 5,000 lbs. capacity
- 70-inch frame length

# SUNNEN PRODUCTS COMPANY

sunnen.com | 800-325-3670

## SV-35 CYLINDER HONE

- The next generation heavy-duty engine block honing solution with over 250 machines sold since 2013
- Constant crosshatch from top to bottom of the bore for optimum ring sealing
- New Sunnen2 system controls for simple setup and operation
- Manual and Automatic Step and Repeat models available

## SV-15 CYLINDER HONE

- The proven engine block honing solution since 1964—perfect for low production applications—over 8000 sold
- Large color touchscreen with easy-to-use controls
- Up to 100 setups can be saved with USB backup
- Bore profile display allows honing to end specs without stopping to gage bores

## SH-4000 HORIZONTAL HONE

- Perfect for performance connecting rod production
- Easy to set up and operate with minimal operator training
- Controls perpendicularity, roundness, straightness, and surface finish
- Can also be used for piston pin bores, turbochargers, small engine cylinders, and other engine components

## CH-100 LINE HONE

- CH-100 is the industry standard for line honing of main bearing bores
- New heavy-duty four-speed spindle drive
- Brings main bores back to perfect alignment with minimal stock removal
- Accommodates a wide variety of engine blocks

## YOURDYNO

yourdyno.com | Kevin: 603-491-5961/Jostein: +47 4840 1279

YourDyno.com  
Professional dyno instrumentation

## YOURDYNO ULTIMATE INSTRUMENT UNIT

- Latest YourDyno Ultimate Data Acquisition, 35 channels; 16 aux, eight thermocouples, six digital, one engine rpm pickup, four load cells. Plus three weather channels, and unlimited math channels
- Built-in CAN bus support with data in and out (data can be read from CAN sensors or ECUs, and data channels can be sent to CAN devices like ECUs, dashboards, loggers etc.)

## YOURDYNO 13" DUAL ROTOR WATER BRAKE ASSEMBLY

- 13-inch toroidal Siamese billet absorber 2,500 hp
- Trunnion mount
- 10,000-plus rpm high-speed bearings
- 1.875, 27-spline nickel-plated shaft

## AUTOMATED LOAD CONTROL VALVE KIT FOR WATER BRAKES

- The kit contains the valve itself (1 inch, 1.5 inches, or 2 inches), the servo motor, servo controller and power supply
- Default is pipe connection (1 inch, 1.5 inches, or 2 inches NPT thread), alternatively or 1 inch, 1.5 inches, or 2-inch hose connection
- Very fast and accurate valve, stainless steel, heavy-duty construction
- Polished stainless steel valve internals for good flow. Easy to install, disassemble and service if necessary

## YOURDYNO UNAVISION

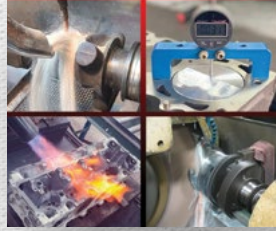

- The YourDyno UnaVision software is comprehensive, modern, and easy to use. It can control any dyno type and read all common dyno sensors
- All runs are stored in a database, with search capabilities, filtering and grouping. Raw data and settings are stored for each run
- Load control: An alternative to power sweep, which lets the engine run through the rpm range in a more natural way (accelerates more where it is strong and less where it is weak). This mode is particularly good for water brake and engines/vehicles with sudden torque band

**ADVANTAGE LIFTS  
DX-9000-XLT**

- Extra tall and extra long for trucks, SUVs and more
- Automatic engaging wheel stops
- Outside slider design
- Industrial grade cables and pulleys
- Primary and secondary locking systems
- ETL recognized power unit
- Five-year limited warranty

## WHY DUPLICATE — WHEN YOU CAN — INNOVATE

The **ATL Vortex Pro** is an innovative top plate design that utilizes a venturi system feeding a unique pressurized accumulator in place of a collector fed by lift pumps. This accumulator means no pressure dropouts at low fuel loads and improved temperature characteristics. Lower fuel temperatures practically eliminate the risk of cavitation, ensuring consistent fuel pick-up.

## TRACK LIGHTS

- Wireless corner lights
- Battery or AC
- Full track control
- Works with LITEceiver Race Control
- Easy mounting
- Three color: red, green, yellow
- Long-range radio
- Integrates with existing lights
- P67 and IP69K Water and dust proof

## LITECEIVER IMPACT

- Impact G-Forces
- Wireless flagging
- Control the entire field with a simple button press
- Simple, rugged, and rechargeable
- Rollbar mounted
- Bright flag status LEDs
- Long-range radio
- Extended range repeater option
- Encrypted channels
- The circle track, karting, and offshore solution

## CLASSIC FUSION +

- The gold standard in communication
- Button lock
- Louder audio
- Narrow band radio compatible
- Race officials broadcast directly to drivers
- Allows faster line-ups and restarts
- Instant notifications of track conditions
- Coaches provide instant feedback
- Improves skills and overall performance
- Motivate with supportive statements for good performance

## LITECEIVER

- Wireless flagging
- Control the entire field with a simple button press
- Simple, rugged, and rechargeable
- Roll bar mounted
- Bright flag status LEDs
- Long-range radio
- Extended range repeater option
- Encrypted channels
- The circle track, karting, and offshore solution

**BUFFALO TURBINE  
CYCLONE SQUARED**

- Buffalo Turbine has manufactured high-powered debris blowers since 1945
- The most popular model found for clearing debris from race tracks is the dual-turbine Squared blower
- With twice the volume of the KB7 blower, this unit will clear surfaces fast and get the surface back to racing

## RACE PARTS®

PIT EQUIPMENT HEADQUARTERS

## FEATURED PRODUCTS

### DP6000-LH SPLINE

Paoli's patented spline drive has now been applied to the DP6000. Increased socket engagement offers more torque and smoother operation.

### SEAMLESS GARAGE WALLING

Seamless aluminum garage & hospitality walling. Completely customizable to your layout needs with graphics, LED's, logo lights, TV's, storage, doorways and more.

### 200L FUEL BOWSER

Accurately pump fuel in and out of the car or fuel rig. The built in load cells integrate with the Greaves Fuel Timer Management Software.

# LS Chevy Swap, Pan Kit

- Saves space over cast oil pans
  - Shorter at 5½" deep
  - Saves ½" depth in the front over a cross member
  - Saves ¾" from the front of the sump to any steering
- 6 quart pan capacity, ½ quart more than cast pans
- Allows use of long LS filter without hanging below the pan
- If your engine has a stroker crank, aftermarket heads or even a turbo, don't just get "a" pan. Get one that will allow your engine and chassis to perform at 100% and is really up to the level of your build!

Kit includes pan, pickup, filter boss and bolts .....#30917-1

## GET HEMI CNC PERFORMANCE WITHOUT BREAKING THE BANK

AFR IS EXCITED TO ANNOUNCE A NEW OFFERING FOR 5.7L - 6.1L MODERN HEMI OWNERS! THIS CYLINDER HEAD IS A COMBINATION OF OUR ENFORCER SERIES AND OUR EXTENSIVE CNC PROGRAM.

As you know, AFR's 185cc Enforcer Hemi Cylinder Heads already feature an amazing port design using an As-Cast Permanent-Mold technology. We've taken it a step further and CNC ported those Enforcer Heads so you can enjoy peak performance without breaking the bank. You can order our NEW 195cc Street Hawk Hemi Cylinder Heads complete or without parts.

# EXTREME BLACK™

## Severe Application Valves

- High Nickel Stainless Alloy 1pc. Forgings
- Special Black Nitride Process (not a coating)
- Designed for High Horsepower Applications
- Runs Cooler, Improves Valve Life
- Fully CNC Machined Finished
- Surface Finish is Smoother than Chrome
- Higher Micro-Hardness than Stainless
- Undercut Stems for Increased Flow
- Great for Naturally Aspirated Applications
- Great for Nitrous Applications
- Great for Turbo Applications
- Great for Supercharged Applications

## Every Toolbox Needs...

### WALTON™ Tap Extractors & Tap Extensions

Performance professionals have depended on high-quality Walton tools since 1908.

#### TAP EXTRACTORS

- Remove broken taps simply and safely, without drilling, lasers, damaged threads, scrapped parts or repair inserts.
- Available in every tap size, both inch and metric.

#### TAP EXTENSIONS

- Extend the reach of regular-length taps and allow tapping in deep holes and awkward locations.
- Square and round sockets conform to leading tap sizes.
- Suitable for both machine and hand-tapping.

*Tapping into good ideas  
for over 110 years.*

# MANUFACTURERS' REPRESENTATIVES

Manufacturers' representatives serve as an invaluable link between vendors and racing operations that sell their components. These industry sources can quickly prove their worth as they track industry trends, are aware of new products entering the market, and can be an inside source to the suppliers they represent. These reps often have years of market experience to guide smaller racing operations to better their buying decisions.

## Gen III Hemi Swap, Pan Kit

- Saves space over cast oil pans
  - 1" shorter at only 6" deep
  - Saves ½" depth in the front over a cross member
  - Sump length of 9 ½" allows tons of room to any steering
- Complete kit includes:
  - oil pan, pickup, windage tray, pan gasket and pan bolts
- If your engine has a stroker crank, aftermarket heads or even a turbo, don't just get "a" pan. Get one that will allow your engine and chassis to perform at 100% and is really up to the level of your build!

# WAREHOUSE DISTRIBUTORS

Carrying a vast product inventory with responsive shipping options may be the hallmark of warehouse distributors, but the partnerships that form as a result reveal their true value. WDs serve as a link between parts manufacturers and independent motorsports business operations. However, they offer much more than solely serving as a parts warehouse as a number of these provide multiple locations, same-day shipping, online inventory tracking, plentiful customer service reps, and much more to help your racing business succeed.

# **HYLIFT JOHNSON LIFTERS**

## **DO YOU KNOW WHO MAKES YOURS?**

Hy Lift Johnson Lifter Co., the original Iconic brand, is the only global premier designer and manufacturer of engine lifters. Located in Muskegon, Michigan for over 85 years! We manufacture the most complete line of stock and high performance lifters in the industry! Hydraulic, Mechanical, Roller, Flats, Tie Bar Retro fit and Lash adjusters as well as Slow and Fast Leak Down versions and our Patented EDM Direct Shot® and Patent Pending Dual Float™ Bearing system. All made in the USA where Quality, Performance, Endurance and Engineering still matter!

## **THE ONLY COMPANY THAT DOES IT ALL!**

As Topline celebrates 50 years of supplying quality import engine parts, we look forward to continuing our tradition of building strong relationships with our customers by delivering dependable, reliable service.

***TopLine***  
Automotive Engineering, Inc.  
Parts and Components

**PRISHOW**  
BOOTH 641

Topline truly embodies the spirit of innovation, integrity, trust and excellence. We understand that success doesn't come from what is done occasionally, but from what is done consistently. We pride ourselves on this commitment. Our products are sold and recommended by the most knowledgeable, experienced and trusted engine builders and parts distributors in the world.
